- (b) In case an officer is on long leave, has retired or left the office after completion of his/her tenure, the incumbent or the personal staff concerned or the officer just below the concerned officer dealing with the subject will receive the immediate/important references except confidential letters. In case none of the above mentioned officers is in position, the central registry will receive such letters. In no case immediate/important letters should be undelivered or returned.
- (2) Outside office hours, dak will be received by, the addressee himself at his residence if marked 'immediate' and addressed by name. In such cases, the officer will normally be intimated in advance over telephone about the dak being delivered at his residence.
- (3) Communication received through e-mails in the Department will be downloaded centrally in the Computer Centre of the Department by a designated person, who will forward the same to the Central Registry. Such communications addressed to officers will be, downloaded by them or their personal staff.
- (4) Communications received through fax should be immediately photocopied as the text of the fax message fades with the passage of time.

3. Acknowledgement of dak.-

The receipt of dak, except ordinary postal dak, will be acknowledged by the recipient signing his name in full and in ink with date and designation. The acknowledgements of e-mail received will, as far as possible, be sent electronically.

4. Registration of dak.-

- (1) Urgent dak will be separated from other dak and dealt with first.
- (2) All covers, except those addressed to officers by name or those bearing a security grading, will be opened by the central registry.

Where more than one dak register is maintained, each register will be identified with an alphabetical code letter 'A', 'B', 'C', and so on

(8) The C. R No. assigned to dak, manually in the dak register or through the computer, will be indicated on the dak in the appropriate place in the stamp affixed on it.

The dak, along with invoice, will be sent to the section concerned and acknowledged by the diarist. The invoice, duly signed, will then be returned to the central registry, where it will be filed section-wise and date-wise.

(2) Alternatively, dak may be distributed and acknowledgement obtained in messenger books or dak register maintained section-wise.

(3) The above procedure will also apply to the dak meant for officers, which will be acknowledged by their personal staff.

(4) Urgent dak will be distributed as and when received. Other dak may be distributed at suitable intervals (i. e., 11 a.m; 2 p.m. and 4 p.m.). Such part of the ordinary dak as is received too late to be included in the last daily round, will be kept ready for distribution early next day.

The official in charge of the central registry will ensure:

(a) that, as far as possible, sorting, registration and invoicing of dak is completed on the day of its receipt;

(b) that, to the extent to which the above work cannot be completed during the day, and without prejudice to the processing of urgent dak, the night duty staff attends to it; and

(c) that the total number of receipts pending at the end of the day for sorting, registration and invoicing are noted in a register and the signatures of the night duty staff are obtained on it in token of their having taken custody of these.

- (4) Receipts redirected to other sections will also be diarised.
- (5) Papers referred to another department/organisation will be diarised each time they are received back. For those referred under diary numbers, however, previous and later entries in the diary will be linked by giving the earlier and the later diary numbers against each entry.
- (6) If a receipt is diarised after a lapse of more than 15 days from the date it bears, the entry regarding date in column 3 of the section diary will be circled in red ink.
- (7) The diary number of a receipt will be indicated in the space provided for the purpose in the stamp affixed by the central registry.
- (8) The section officers will scrutinise the section diaries once a week to see that these are being properly maintained and append his dated initials in token of scrutiny.
- (9) Under the computerised environment the format of the diary register will be as in **Appendix 3**. A single diary number will be generated irrespective of where a receipt is diarised. All exclusions mentioned in sub-para (2) above would be applicable. Appropriate codes in Remarks column would indicate the different categories of receipts as well as redirected receipts or receipts diarised after a lapse of more than 15 days from the date it bears, as mentioned in earlier sub-paras. Papers received back from other departments will be diarised and will be linked with previous diary numbers as they can be easily traced electronically. The diary number will be indicated on the receipt as in the manual system. The Section Officer will generate a status report of the receipts from computer every week to ensure proper monitoring.

8. Diarising of receipts addressed to officers -

- (1) The personal staff of officers of the rank of Deputy Director and above will diarise receipts addressed to their officers in respective **personal section diary (Appendix 4)**. Envelopes received without contents or with material not marked to any officer should also be diarised with necessary comments.
- (2) No receipt will be diarised more than twice. A communication once diarised above the section level will not be diarised a second time till it reaches the section, where it will be diarised in the section diary.
- (3) In the computerised diary system no receipt will be diarised more than once. For receipts addressed to officers, diarising will be done by their personal staff.

9. Movement of receipts -

- (1) Receipts submitted to officers will move in pads conspicuously labelled as 'Receipts Pad'. Their movement and perusal will receive prompt attention.
- (2) The Section Officer will keep a careful watch on any hold-up in the movement of receipts. The diarist will bring to his notice any receipt which are not received back from officers within one working day.

10. Action by higher officers -

Officers to whom receipts are submitted will:

- (1) go through the receipts and initial them;
- (2) remove receipts which they may like to dispose of without assistance from section or to submit to higher officers;
- (3) enter the diary numbers of the receipts removed vide sub-para (2) above on the **movement slip (Appendix 5)**; *(this will be prepared in the prescribed format in computerised system also)*
- (4) where necessary, give directions regarding line of action to be taken on other receipts; and
- (5) return the receipts together with movement slip, if any, to the Section Officer for action.

11. Allocation of disputed receipts.-

If a section feels that it is not concerned with a misdirected receipt forwarded to it, the same should be brought to the notice of the officer designated by the department for deciding allocation of disputed receipts.

CHAPTER IV ACTION ON RECEIPTS

12. *General Principles.*-

Action on receipts will be so organised that it results in speedy and correct decision-making process. All records creating agencies will use good quality paper (IS- 1774- 1986 Type II Grade II) and ink (IS: 1581-1950) as prescribed by the Bureau of Indian Standards while transacting official business so as to ensure longevity of records and easy retrieval of information. While the detailed drill to be followed is given in the succeeding paragraphs, certain general principles to be observed in this regard are given below:

- (1) An officer will himself initiate action on as many receipts as possible, keeping in view the priority requirements.
- (2) Number of levels at which a case is examined will be reduced to the minimum.
- (3) Paper work will be kept at an essential minimum.
- (4) Least possible time will be taken for examination and disposal of cases.
- (5) While disposing of cases, an officer will aim at optimising the quality as well as the quantity of work performed by him.

13. *Action by dealing hand.*-

The dealing hand will:

- (1) go through the receipts and separate urgent receipts from the rest;
- (2) enter the receipts in the **Assistant's diary (Appendix 6)**; *It is not necessary to maintain separately in a computerised environment as the system can generate information through query.*
- (3) deal with the urgent receipts first; *Code indicating the priority may be given in a computerised environment.*
- (4) check enclosures and if any found missing, initiate action to obtain it;
- (5) see whether any other section is concerned with any part or aspect of a receipt and if so, send copies or relevant extracts to that section for necessary action;
- (6) bring the receipt on to a current file if one already exists or open a new file as per paras **61 and 62** and indicate file No. in column 4 of the assistant's diary. If the current file is under submission, a part file will be opened, which will be subsequently merged with the main file by the dealing assistant when he accesses both. In a computerised environment the relevant file number, whether of existing file or a new file, will be indicated in the relevant column in the diary register itself.
- (7) file papers in accordance with **para 29**;
- (8) assign the receipt page number (s) and a serial number in terms of **paras 31 (1) and 31 (2)**;
- (9) docket the receipt and reproduce on the notes portion of the file remarks, if any made by an officer on the receipt;
- (10) with the help of file registers indexes, precedent book), standing guard files (para 25), reference folders (**para 25** etc. locate and collect other files or papers, if any, referred to in the receipt, or having a bearing on the issues raised therein;
- (11) identify and examine the issues involved in the case and record a note vide instructions in **paras 24,22 and 15**;
- (12) arrange papers and reference them in the case properly
- (13) Where necessary, attach a label indicating the urgency grading appropriate to the case;
- (14) put up the case to the appropriate higher officer; and
- (15) indicate the date of submission in column 5 of the assistant's diary. *In the computerized diary system indicate the details of submission at the appropriate column.*

14. *Action by section officer .-*

- (1) The Section Officer will:-
 - (a) scrutinise the note of the dealing hand;
 - (b) finally dispose of routine cases;

- (c) take intermediate routine action;
- (d) record, where necessary, a note setting out his own comments or suggestions; and
- (e) submit the case to the appropriate higher officer.
- (f) *in computerised environment also make a suitable entry in the electronic diary register*

(2) What constitutes 'routine cases' or 'intermediate routine action' in terms of (b) and (c) above will be specified by each department in its departmental instructions.

15. *Examination by section.* -

When the line of action on a receipt is obvious or is based on a clear precedent or practice, or has been indicated by a higher officer, and a communication has to issue, a draft will be put up without any elaborate note. In other cases, the section, while putting up a case, will:

- (1) see whether all the statements, so far as they are open to check, are correct;
- (2) point out mistakes, incorrect statements, missing data or information, if any
- (3) draw attention, if necessary, to the statutory or customary procedure and point out the relevant law and rules;
- (4) furnish other relevant data or information available in the department, if any;
- (5) state the questions for consideration and bring out clearly the points requiring decision;
- (6) draw attention to precedents;
- (7) evaluate relevant data and information; and
- (8) suggest, where possible, alternative courses of action for consideration.

16. *Standard Process Sheet* - For dealing with cases of repetitive nature e.g. sanctioning of leave, GPF advances, forwarding of applications etc. standard process sheets will be used. No notes will be recorded in such cases. *Standard process sheets will also be maintained in electronic form in a computerised environment.*

17. *Level of disposal and channel of submission* -

(1) An officer above the level of Section Officer will take action on a case in accordance with the departmental instructions prescribing the level of final disposal and channel of submission for each category of cases. *Departmental instructions will also be maintained in electronic form in a computerised environment*

(2) Each Department will review the instructions on level of disposal and channel of submission every *three years keeping the number of levels at which a case is examined to the minimum by delegating powers to lower formations.*

(3) As far as possible it will be ensured that a case is seen either by an Secretary or a Deputy Chairman instead of both seeing it.

(4) In case of delegation of power by the Chairman in favour of any officer, such delegation should be clear so that in most matters he can function independently subject to final concurrence.

(5) Wherever level jumping is done in respect of any category of cases, each such case on its return, will pass through all the levels jumped over who in suitable cases could resubmit the cases for reconsideration.

(6) *In a computerised environment the system will provide scope for level jumping.*

18. *Direct submission of cases by senior assistants.* -

(1) An assistant in a conventional section who has more than five years service in the grade including at least six months in the concerned section may be required to submit all his cases direct to the branch officer. In appropriate cases, assistants with less than five years service in the grade may also be permitted to submit cases direct to branch officer.

(2) All the cases directly submitted by assistants to the branch officer will as a rule, go back to the assistants through the section officer. The section officer will be free to bring to the notice of the branch officer any omission or flaws in the submission of cases or the decisions taken and thus give an opportunity to the branch officer to reconsider the matter.

19. *Examination by Officer* -

(1) An Officer will regularly discuss with his staff to decide the course of action to be taken on various cases. Normally a single note will be put up to the decision making level after the line of action is decided.

(2) For dealing with important problem solving issues, the technique of writing a self-contained note may be used. This involves entrusting an officer or a group of officers with preparing a comprehensive note which will be put up straight to the decision making level. The note will contain the background to the problem, issues arising out of its precedents, if any, analysis of all relevant facts, and recommendations.

20. *Deviation from normal procedures or rules* - In every case where a major or minor infraction, other than trivial, of the existing procedures or rules, is sought to be made, it shall be the responsibility of the decision making authority to ensure that reasons are recorded in writing, justifying such a deviation from the rules or procedures.

21. *Running summary of facts* - To facilitate consideration and to obviate repeated recapitulation, a running summary of facts will be prepared and placed on the file in a separate folder labelled as such in every case in which it is evident that such a summary would contribute to its speedy disposal. This summary will also include the advice or views of other departments consulted in the matter but not opinions of individual officers within a department. It should be kept up to date, incorporating changes whenever further developments take place. *Running summary of facts will also be maintained in electronic form in a computerised environment.*

22. *Guidelines for noting.-*

(1) All notes will be concise and to the point. Lengthy notes are to be avoided.

(2) The verbatim reproduction of extracts from or paraphrasing of the paper under consideration, fresh receipt, or any other part of correspondence or notes on the same file, should not be attempted.

(3) When passing orders or making suggestions, an officer will confine his note to the actual points he proposes to make without reiterating the ground already covered in the previous notes. If he agrees to the line of action suggested in the preceding note, he will merely append his signature.

(4) Any officer, who has to note upon a file on which a running summary of facts is available will, in drawing attention to the facts of the case, refer to the appropriate part of the summary without repeating it in his own note.

(5) Relevant extracts of a rule or instruction will be placed on the file and attention to it will be drawn in the note, rather than reproducing the relevant provisions in the note.

(6) Unless a running summary of facts is already available on the file or the last note on the file itself serves that purpose, a self-contained note will be put up with every case submitted to the Minister. Such a note will bring out briefly but clearly relevant facts, including the views expressed on the subject by other departments, if any, consulted in the matter and the point or points on which the orders of the Minister are sought.

(7) If apparent errors or incorrect statements in a case have to be pointed out or if an opinion expressed therein has to be criticised, care should be taken to couch the observations in courteous and temperate language free from personal remarks.

(8) When a paper under consideration raises several major points which require detailed examination and respective orders, each point (or group of related points) will be noted upon separately in sectional notes; such notes will each begin with a list of the major point(s) dealt with therein.

(9) Notes and orders will normally be recorded on note sheets in the notes portion of the file and will be serially numbered. Black or blue ink will be used by all categories of staff and officers. **Only an officer of the level of Joint Secretary of Government of India and above may use green or red ink in rare cases.**

(10) The dealing hand will append his full signature with date on the left below his note. An officer will append his full signature on the right hand side of the note with name, designation and date.

(11) A note will be divided into serially numbered paragraphs of easy size, say ten lines each. Paragraphs may preferably have brief titles. The first paragraph will give an indication of the

evidence and the conclusions reached. The final paragraph should weigh the arguments and make recommendations for action.

(12) In writing notes the observations made in **(Appendix 7)** 'Style in notes and drafts' will be kept in view.

(13) A small margin of about one inch will be left on all sides (left, right, top and bottom) of each page of the note sheet to ensure better preservation of notes recorded on the files as at times the paper gets torn from the edges making reading of the document difficult. However, notes should be typed/written on both sides of the note sheet as per instructions of Department of Expenditure.

23. Modification of notes or orders.-

(1) Senior officers should not require any modification in, or replacement of, the notes recorded by their juniors once they have been submitted to them. Instead, the higher officers should record their own notes giving their views on the subject, where necessary correcting or modifying the facts given in earlier notes. In any case, the replacement or modification of the notes which have already been recorded on a file, when the file has been further noted upon by others, should not be permitted.

(2) **Pasting over a note or a portion of it to conceal what has been recorded is not desirable.** Where a note recorded in the first instance requires any modification on account of additional facts or any error having come to notice, a subsequent note may be recorded, keeping the earlier note intact.

(3) Where a final decision already communicated to a party is found later on to have been given on a mistaken ground or wrong facts or wrong interpretation of rules due to misunderstanding, such withdrawal may have also legal implications. In all such cases, in addition to consulting the Ministry of Commerce, wherever necessary, such a withdrawal should be permitted only after the approval of an officer higher than the one who took the original decision, has been obtained and reasons for the reversal or modification of the earlier decision have been duly recorded on the file.

24. Noting on files received from other departments -

(1) If the reference seeks the opinion, ruling or concurrence of the receiving department and requires detailed examination, such examination will normally be done separately through routine notes and only the final result will be recorded on the file by the officer responsible for commenting upon the reference. The officer to whom such a note is submitted will either accept that note or record a note of his own. In the former case, he may direct that the note in question or a specified portion thereof may be reproduced on the main file for communication to the department concerned. In the latter case, he will record a suitable note on the main file itself. In either case, a copy of the note recorded on the main file will be kept on the routine notes for retention in the receiving department before the file is returned to the originating department.

(2) The department will open subject-wise files each year in which such routine notes will be kept. The inter-departmental note recorded on the file of the originating department will bear the subject file number to facilitate filing of papers and their retrieval for future reference. The retrieval is faster in a computerised environment due to easier tracking.

(3) Where the reference requires information of a factual nature or other action based on a clear precedent or practice, the dealing hand in the receiving department may note on the file straightway.

(4) Where a note on a file is recorded by an officer after obtaining the orders of a higher officer, the fact that the views expressed therein have the approval of the latter should be specifically mentioned.

25. Aids to processing -

(1) To facilitate processing of a case, each section will develop and maintain the following records for important subjects dealt with by it:

- (a) standing guard files;
- (b) standing notes;

- (c) precedent book;
- (d) standard process sheets (of repetitive items of work only); and
- (e) reference folders containing copies of circulars, etc.

The above records will also be maintained in electronic form in a computerised environment.

(3) The documentation-cum-reference system (manual as well as electronic form) will include reference material peculiar to the need of the functional sections and a consciously developed information system to act as an aid to policy formulation, review and operational decisions.

26. Oral discussions -

(1) All points emerging from discussions (including telephonic discussions) between two or more officers of the same department or from discussions between officers of different departments, and the conclusions reached will be recorded on the relevant file by the officer authorising action.

(2) All discussions/instructions/decisions which the officer recording them considers to be important enough for the purpose, should be got confirmed by all those who have participated in or are responsible for them. This is particularly desirable in cases where the policy of the government is not clear or where some important deviation from the prescribed policy is involved or where two or more level differ on significant issues or the decision itself, though agreed up to by all concerned, is an important one.

27. Oral instructions by higher officers –

(1) Where an officer is giving direction (including telephonic direction) for taking action in any case in respect of matters on which he or his subordinate has powers to decide, he shall ordinarily do so in writing. If, however, the circumstances of the case are such that there is no time for giving the instructions in writing, he should follow it up by a written confirmation at his earliest.

(2) An officer shall, in the performance of his official duties, or in the exercise of the powers conferred on him, act in his best judgement except when he is acting under instructions of an official superior. In the latter case, he shall obtain the directions in writing wherever practicable before carrying out the instructions, and where it is not possible to do so, he shall obtain written confirmation of the directions as soon thereafter as possible. If the Officer giving the instructions is not his immediate superior but one higher to the latter in the hierarchy, he shall bring such instructions to the notice of his immediate superior at the earliest.

28. Confirmation of oral instructions .-

(1) If an officer seeks confirmation of oral instructions given by his superior, the latter should confirm it in writing whenever such confirmation is sought.

(2) Receipt of communications from junior Officers seeking confirmation of oral instructions should be acknowledged by the senior officers.

29. Filing of papers.-

(1) Papers required to be filed will be punched on the left hand top corner and tagged onto the appropriate part of the file viz. notes, correspondence, appendix to notes and appendix to correspondence, in chronological order, from left to right.

(2) Both 'notes portion' and 'correspondence portion' will be placed in a single file cover. Left side of tag in the notes portion will be tagged onto the left side of the file cover and right side of the tag will remain as such i.e., untagged. In the case of correspondence portion, right side of tag will be tagged onto the right side of the same file cover and left side of the tag will remain as such i.e., untagged.

(3) Earlier communications referred to in the receipt or issue, will be indicated by pencil by giving their position on the file.

(4) (a) If the file is not bulky, appendix to notes and appendix to correspondence may be kept alongwith the respective note portion or the correspondence portion of the main file if these are considered as integral and important part.

- (b) If the file is bulky, separate file covers may be maintained for keeping appendix to notes and appendix to correspondence.
- (5) Routine receipts and issues (e.g., reminders, acknowledgments) and routine notes will not be allowed to clutter up the file. They will be placed below the file in a separate cover and destroyed when they have served their purpose.
- (6) When the 'notes' plus the 'correspondence' portion of a file become bulky (say exceed 150 pages), it will be stitched and marked '**Volume I**'. Further papers on the subject will be added to the new volume of the same file, which will be marked '**Volume II**', and so on.
- (7) In Volume II and subsequent volumes of the same file, page numbering in notes portion and correspondence portion will be made in continuity of the last page number in note portion/correspondence portion of the earlier volume.

30. *Arrangement of papers in a case.* -

The papers in a case will be arranged in the following order from top downwards:

- (1) reference books;
- (2) notes portion of the current file ending with the note for consideration;
- (3) running summary of facts;
- (4) draft for approval, if any;
- (5) correspondence portion of the current file ending with the latest receipt or issue, as the case may be;
- (6) appendix to notes and correspondence;
- (7) Standing guard file, standing note or reference folder, if any;
- (8) other papers, if any, referred to, e.g., extracts of notes or correspondence from other files, copies of orders, resolutions, gazettes, arranged in chronological order, the latest being placed on the top;
- (9) recorded files, if any, arranged in chronological order, the latest being placed on the top; and
- (10) routine notes and papers arranged in chronological order and placed in a separate cover.

31. *Referencing* .-

- (1) Every page in each part of the file (viz., notes, correspondence, appendix to notes, and appendix to correspondence) will be consecutively numbered in separate series in pencil on the right top corner. Blank intervening pages, if any, will not be numbered.
- (2) Each item of correspondence in a file, whether receipt or issue, will be assigned a serial number which will be displayed prominently in red ink at the top middle of its first page.
- (3) The paper under consideration on a file will be flagged 'PUC' and the latest fresh receipt noted upon, as 'FR'. In no circumstances, will a slip, other than 'PUC' and 'FR', be attached to any paper in a current file. If there are more than one 'FR' they should be flagged separately as 'FR I', 'FR II', and so on.
- (4) In referring to the papers flagged 'PUC' or 'FR', the relevant page numbers will be quoted invariably in the margin. Other papers in a current file will be referred to by their page numbers only.
- (5) Recorded files and other papers put up with the current file will be flagged with alphabetical slips for quick identification. Only one alphabetical slip will be attached to a recorded file or compilation. If two or more papers contained in the same file or compilation are to be referred to, they should be identified by the relevant page numbers in addition to the alphabetical slip, e.g. 'A'/23.n, 'A'/17.c, and so on.
- (6) To facilitate the identification of references to papers contained in other files after the removal of slips, the number of the file referred to will be quoted invariably in the body of the note and the relevant page numbers, together with the alphabetical slip attached thereto, will be indicated in the margin. Similarly, the number and date of orders, notifications and the resolutions, and, in the case of acts, rules and regulations, their brief title together with the number of the relevant section, rule, paragraph or clause, referred to will be quoted in the body of the notes, while the alphabetical slips used, will be indicated in the margin.

(7) Rules or other compilations referred to in a case need not be put up if copies thereof are expected to be available with the officer to whom the case is being submitted. The fact of such compilations not having been put up will be indicated in the margin of the notes in pencil.

(8) The reference slips will be pinned neatly on the inside of the papers sought to be flagged. When a number of papers put up in a case are to be flagged, the slips will be spread over the entire width of the file so that every slip is easily visible.

32. *Linking of files -*

(1) If the issues raised in two or more current files are so inter-connected that they must be dealt with together simultaneously, the relevant files will be linked in the manner indicated in (2) below. Such linking may also be resorted to if a paper on one current file is required for reference in dealing with another current file unless a copy of the paper can be conveniently placed on the first file.

(2) When files are to be linked, strings of the file board of the lower file (but not its flaps) will be tied around the upper file and those of the file board or flap of the upper file tied underneath it in a bow out of the way so that each file is intact with all its connected papers properly arranged on its file board or flap.

(3) On receipt back after completion of action, the linked files will be immediately delinked after taking relevant extracts and placing them on the linked files, where necessary.

(4) *In a computer environment the file tracking system has the facility for easy linkage of files and its subsequent movement.*

33. *Use of urgency grading.-*

(1) The two urgency gradings authorised for use on cases are 'Immediate' and 'Priority'.

(2) The label 'Immediate' will be used only in cases requiring prompt attention. Amongst the rest, the 'Priority' label will be used for cases which merit disposal in precedence to others of ordinary nature.

(3) Where Lok Sabha/Rajya Sabha labels for questions are used, it will not be necessary to use, in addition, 'Immediate' or 'Priority' label.

(4) The grading of urgency assigned to a case will be reviewed by all concerned at different stages of its progress and where necessary, revised. This is particularly important for cases proposed to be referred to other department.

CHAPTER V FORMS AND PROCEDURE OF COMMUNICATION

33. *Forms of written communications and methods of delivery -*

The different forms of written communication and their methods of delivery generally used by a department are described below. Each form has a use and, in some cases, a phraseology of its own. Only black or blue ink will be used in communications. A small margin of about one inch will be left on all sides (left, right, top and bottom) of each page of communications to ensure better preservations of records as at times the paper gets torn from the edges, making reading of the documents difficult.

(1) Letter - This form is used for corresponding with Foreign Governments, State Governments, the Union Public Service Commission and other constitutional bodies, heads of attached and subordinate offices, public enterprises, statutory authorities, public bodies and members of the public generally. A letter begins with the salutation Sir/Madam as may be appropriate.

(2) Demi-official letter - This form is generally used in correspondence between Government officers for an inter-change or communication of opinion or information without the formality of the prescribed procedures. It may also be used when it is desired that the matter should receive personal attention of the individual addressed. Since demi-official letter is written in the first person in a personal and friendly tone, it should be addressed by an officer who is ordinarily not more than one or two levels below the officer to whom such communication is addressed.

(b) Communications to non-officials can also take the form of a demi-official letter.

- (3) Office Memorandum - This form is generally used for corresponding with other departments or in calling for information from or conveying information to its employees. It may also be used in corresponding with attached and subordinate offices. It is written in the third person and bears no salutation or supersession except the name and designation of the officer signing it.
- (4) Inter-departmental note –
 - (a) This form is generally employed for obtaining the advice, views, concurrence or comments of other departments on a proposal or in seeking clarification of the existing rules, instructions etc. It may also be used by a department when consulting its attached and subordinate offices and *vice versa*.
 - (b) The inter-departmental note may either be recorded on a file referred to another department or may take the form of an independent self-contained note. The subject need not be mentioned when recorded on the file.
- (5) Fax facility – In urgent and important matters (including legal and financial messages), departments may use fax facilities to send messages, wherever available. Offices not connected through fax but having telex facilities, may send urgent and important messages through telex instead of a telegram in communicating with out-station offices.
- (6) Registered Post/ Registered AD – This method of delivery is used in communicating with offices to ensure receipt of the communication and in the case of Registered AD an acknowledgement of the delivery is also received by the issuing office.
- (7) Speed Post/ Courier – This method of delivery is used to ensure quick receipt of messages warranting urgent attention at the receiving end and an acknowledgement of the delivery is also received by the issuing office.
- (8) Office order - This form is normally used for issuing instructions meant for internal administration, e.g., grant of regular leave, distribution of work among officers and sections, appointments and transfers, etc.
- (9) Order - This form is generally used for issuing certain types of financial sanctions and for communicating government orders in disciplinary cases, etc., to the officials concerned.
- (10) Notification - This form is mostly used in notifying the promulgation of statutory rules and orders, appointments and promotions of gazetted officers, etc. through publications in the Gazette of India.
- (11) Resolution - This form of communication is used for making public announcement of decisions of government in important matters of policy, e.g., the policy of industrial licensing, appointment of committees or commissions of enquiry. Resolutions are also published in the Gazette of India.
- (12) Press communique/note - This form is used when it is proposed to give wide publicity to a decision of government. A press communique is more formal in character than a press note and is expected to be reproduced intact by the press. A press note, on the other hand, is intended to serve as a hand-out to the press which may edit, compress or enlarge it, as deemed fit.
- (13) Endorsement - This form is used when a paper has to be returned in original to the sender, or the paper in original or its copy is sent to another department or office, for information or action. It is also used when a copy of a communication is proposed to be forwarded to parties other than the one to which it is addressed. Normally this form will not be used in communicating copies to state governments. The appropriate form for such communication should be a letter.
- (14) Circular – This form is used when important and urgent external communications received or important and urgent decisions taken internally have to be circulated within a department for information and compliance by a large number of employees.
- (15) Advertisement – This form is used for communicating with the general public to create awareness and may take the form of audio-visual or written communication.

(16) *E-mail* – This is a paperless form of communication to be used by department having computer facilities supported by internet or intranet connectivity and can be widely used for subjects where legal or financial implications are not involved.

34. *Telephonic communications* -

(1) Appropriate use of the medium of telephone may be made by departments for intra and inter-departmental consultation and for communication of information between parties situated locally.

(2) In matters of urgency, departments may communicate with out-station offices also over the telephone.

(3) Telephonic communications, wherever necessary, may be followed by written communications by way of confirmation.

(4) Resort to ISD/ STD and trunk calls will be regulated by departmental instructions.

35. *Correspondence with Ministry and Other Offices* -

(1) No officer other than the Secretary of the Board shall correspond directly with the Ministry or any other Offices.

36. *Correspondence with Union Territory Administrations* - All communications of a routine nature which clearly relate to the business of a particular department, will ordinarily be addressed to the Secretary in the appropriate department. Other important communications may be addressed to the Chief Secretary or the Administrator.

37. *Correspondence with State Governments* –

(1) Communications on the subjects which clearly relate to the business of a particular department will normally be addressed to the Secretary of that department. Other communications including those of special nature or importance warranting attention at higher levels, may be addressed to the Chief Secretary. Demi-official letters can also be sent to officers of State Governments. In case of demi-official communications to the Chief Secretary of a State, this level will not be below the level of Joint Secretary.

(2) Communications other than those of a purely routine nature, e.g., acknowledgements, will not ordinarily be addressed to State Governments except with the prior approval and over the signature of the branch officer. Purely routine communications can, however, be signed by a section officer.

38. *Correspondence with the Lok Sabha and the Rajya Sabha Secretariats* - Communications meant for the Lok Sabha Secretariat or the Rajya Sabha Secretariat and requiring urgent or high level attention may be addressed to the Secretaries concerned and not to the Speaker or the Chairman direct.

39. *Correspondence with Members of Parliament* -

(1) Communications received from Members of Parliament should be attended to promptly.

(2) As far as possible, in corresponding with Members of Parliament, pre-printed or cyclostyled replies should be avoided

(3) Where, however, a communication is addressed to the head of an attached or subordinate office, Public Sector Undertakings, Financial Institutions (including nationalised banks) Division/Branch Incharge in a Ministry/Department/Organisation, it should be replied under the signature of Secretary

(4) Normally information sought by a Member should be supplied unless it is of such a nature that it would have been denied to him even if asked for on the floor of the Houses of Parliament.

(5) In other cases, a reply should normally be issued over the signature of Secretary only.

(6) In case a reference from an ex-Member of Parliament is addressed to a Minister or Secretary, reply to such reference may be sent by the concerned Divisional Head after obtaining approval of the Chairman. In case the reference is addressed to a lower level officer, reply to such reference could be sent by the officer on his own in non-policy cases and after obtaining approval of the higher authorities in policy cases.

40. Correspondence with Ministers of State Governments - The procedure laid down in the above paragraph may also be followed in dealing with communications received from the Ministers of State Governments.
41. Correspondence with Foreign Governments and International Organisations - Correspondence with Foreign Governments and their Missions in India, Heads of Indian Diplomatic Missions and posts abroad and United Nations and its specialised agencies will normally be channelised through the Ministry of External Affairs.
42. *Prompt response to letters received* -
- (1) Each communication received from the Member of Parliament, a member of the public, a recognised association or a public body will be acknowledged within **15 days**, followed by a reply within the next 15 days of acknowledgement sent.
 - (2) Where (i) delay is anticipated in sending a final reply, or (ii) information has to be obtained from another Ministry or another office, an interim reply will be sent within a **month** (from the date of receipt) indicating the possible date by which a final reply can be given.
 - (3) If any such communication is wrongly addressed to a department, it will be transferred promptly (within a week) to the appropriate department under intimation to the party concerned.
 - (4) Where the request of a member of the public cannot be acceded to for any reason, reasons for not acceding to such a request should be given.
 - (5) As far as possible, requests from members of public, should be looked at from the user's point of view and not solely from the point of view of what may be administratively convenient.
43. *Target date for replies* - In all important matters in which State Governments, departments of the Central Government, or other offices, public bodies or individuals are consulted, time limit for replies may ordinarily be specified. On the expiry of the specified date, orders of the appropriate authority may be obtained on whether the offices whose replies have not been received, may be allowed an extension of time or whether the matter may be processed, without waiting for their replies.

CHAPTER VI DRAFTING OF COMMUNICATIONS

44. *Procedure for drafting* -
- (1) No draft is required to be prepared in simple and straight-forward cases or those of a repetitive nature for which standard forms of communication exist. Such cases may be submitted to the appropriate officer with fair copies of the communication for signature.
 - (2) It is not always necessary to await the approval of the proposed line of action and the draft will be put up simultaneously along with the notes by the initiating level officer. The higher officer may revise the draft if it does not conform to the approved course of action.
 - (3) After a final decision is taken by the competent authority he may have the fair communication made for his signature and authorise its issue; otherwise, he will prepare a draft and submit it to the appropriate higher officer for approval.
 - (4) The officer approving the issue of a draft will append his initials with the date on the draft. It is also expected of him that he passes orders on the file simultaneously whether the draft so approved should be kept on the file (along with the office copy of the communication issued in fair) or not.
 - (5) Initial drafting will be done in black or blue ink. Modifications in the draft at the subsequent levels may be made in green or red ink by the officers so as to distinguish the corrections made.
45. *General instructions for drafting* -

- (1) A draft should carry the message sought to be conveyed in a language that is clear, concise and incapable of misconstruction.
- (2) Lengthy sentences, abruptness, redundancy, circumlocution, superlatives and repetition, whether of words, observations or ideas, should be avoided.
- (3) Official communications emanating from a department and purporting to convey the views or orders of the Government of India must specifically be expressed to have been written under the directions of Government. This requirement does not, however, imply that each communication should start with the phrase 'I am directed to say' or 'The undersigned is directed to convey', which has the effect of distancing the communicator from the reader at the very outset. A more direct and to-the-point format is to be preferred if some degree of rapport is to be established with the receiver of the communication. The obligatory requirement can be met in a variety of imaginative ways. For instance, variations of the phrase can be added to the operative part of the letter towards the end as under:
.....I have the pleasure to inform you that the government, on reconsideration of the matter, has decided to sanction an additional grant of..... orIn the light of the above developments, government conveys its inability to accede to.....
- (4) Communications of some length or complexity should generally conclude with a summary.
- (5) Depending upon the form of communication the subject should be mentioned in it (including reminders).
- (6) The number and date of the last communication in the series, and if this is not from the addressee, his last communication on the subject, should always be referred to. Where it is necessary to refer to more than one communication or a series of communications, this should be done in the margin of the draft.
- (7) All drafts put up on a file should bear the file number. When two or more communications are to issue from the same file to the same addressee on the same date, a separate serial number may be inserted before the numeral identifying the year to avoid confusion in reference, e.g., A-11011/5(I)/2001-Est., A-11011/5(II)/2001-Est.
- (8) A draft should clearly specify the enclosures which are to accompany the fair copy. In addition, short oblique lines should be drawn at appropriate places in the margin for ready reference by the typist, the comparers and the despatcher. The number of enclosures should also be indicated at the end of the draft on the bottom left of the page thus- 'Encl. 3'.
- (9) If copies of an enclosure referred to in the draft are available and are, therefore, not to be typed, an indication to that effect will be given in the margin of the draft below the relevant oblique line.
- (10) If the communication to be despatched by post is important (e.g., a notice cancelling a licence or withdrawing an existing facility) or encloses a valuable document (such as an agreement, service book or a cheque) instructions as to whether it should be sent through registered post or speed post or in an insured cover, will be given on the draft by the section officer concerned with its issue.
- (11) The name, designation, telephone number, fax number, and e-mail address of the officer, over whose signature the communication is to issue, should invariably be indicated on the draft.
- (12) In writing or typing a draft, sufficient space should be left for the margin and between successive lines to admit additions or interpolation of words, if necessary.
- (13) A slip bearing the words 'Draft for approval' should be attached to the draft. If two or more drafts are put up on a file, the drafts as well as the slips attached thereto will be marked 'DFA I', 'DFA II', 'DFA III' and so on.
- (14) Drafts which are to issue as 'Immediate' or 'Priority' will be so marked under the orders of an officer not lower in rank than a Section Officer.
- (15) Instructions contained in **Appendix 7** will be observed while drafting.

46. Authentication of Government Orders -

(1) Where the power to make orders, notifications, etc., is conferred by a statute on the Government of India, such orders and notifications will be expressed to be made in the name of the Government of India.

47. *Addressing communications to officers by name* - Normally no communication, other than that of a classified nature or a demi-official letter, should be addressed or marked to an officer by name, unless it is intended that the matter raised therein should receive his personal attention either because of its special nature, urgency or importance, or because some ground has already been covered by personal discussions with him and he would be in a better position to deal with it.

48. *Drafting of demi-official letters* -

(1) As the objective of writing a demi-official (d.o.) letter is to call the personal attention of the addressee, the style of writing should be direct, personal and friendly. More usage of active voice is to be preferred. (E.g., 'I notice' rather than 'It is noticed'). It is expedient to come to the issue at the beginning itself e.g. 'I seek your cooperation in the matter of.....'

(2) A d.o. letter should preferably not exceed one page. If the message to be conveyed is lengthy, it is better to condense it into one page in a few small and healthy divided paragraphs in a manner that holds the interest of the addressee, the detailed arguments can be set out in appendices.

(3) The colour code in d.o. letter will be as follows. A d.o. letter from a Minister will exhibit the National Emblem in blue colour and that from an officer will exhibit the National Emblem in red colour.

CHAPTER VII ISSUE OF DRAFTS

49. *Marking of drafts for issue* -

After a draft has been approved, the section officer will:

- (1) examine the draft to see that all corrections of spelling and grammar, etc., have been properly carried out and that there are no typographical errors;
- (2) photocopy of signed communication will be preferably kept as office copy;
- (3) ensure that copies of enclosures are attached to the draft where these are available in the section;
- (4) give clear indication on the draft, where a communication is to be despatched by a special messenger/fax/speed post/registered post on account of its special nature, importance or urgency;
- (5) mark the draft for 'issue' (if there are more than one draft for issue from the same file, indicate the total number of drafts, e.g., 'issue 3 drafts'); and
- (6) mark the file for recording it in a case where the issue of said communication constitutes final disposal of the case under consideration.

50. *Fairing of approved drafts* - All stages of action after the approval of drafts ending with signing of fair communications will be performed in the section except where centralised typing pool exists.

The same procedure may be followed for issue of drafts generated through computer.

51. *Procedure to be followed in sections* :-

(1) Section officer, while marking the draft for typing and before passing on the file to the diarist, will ensure that clear indication has been given where copies of any papers contained in any file are to be typed or photocopied or a computer printout taken as enclosure(s).

(2) The diarist will:

- (a) enter the number of the file marked for recording [**as per para 49(6)**] in column 2 of the '**register for watching the progress of recording**' (**Appendix 13**); and
- (b) pass on the file to the typist.

(3) The approved draft will be fair typed, compared and got signed. General instructions regarding typing given in **para 53** will be observed.

(4) On return of signature pads, the section officer will see that fair copies have been duly signed by the officer and make sure that corrections, if any, made while signing are carried out in all copies.

(5) The signed fair copies, together with office copies, drafts and relevant file/files will then be passed on to the diarist.

(6) The diarist will:

(a) enter the number of the fair communications and office copies in messenger book; and

(b) send the fair communications and office copies, along with messenger book, to the despatcher of the central issue section at appropriate intervals during the day.

(7) The despatcher will:

(a) remove the fair communications and office copies; and

(b) acknowledge receipt in the messenger book.

(8) In case of urgent communications, dak may be issued directly from the section concerned at the discretion of the section officer.

52. *Procedure to be followed in desk -*

(1) After a draft has been approved or a letter has been dictated by the desk functionary for fair typing, the stenographer attached to the desk functionary will type the letter, get it compared and signed. General instructions regarding typing given in **para 53** will be observed by the stenographer.

(2) The stenographer will add all relevant enclosures to the signed communication and send it to the Central Issue Section for despatch through messenger book after making necessary entries in it.

(3) A desk functionary may draw on the services of the wing Registry, wherever setup, for attending to extra typing work.

53. *General instructions regarding typing*

(1) Urgent drafts will be attended to first.

(2) Fair copies of all communications will be typed on printed letter heads of suitable sizes. The name of the issuing departments with full address including PIN code, telephone number, telegraphic address, telex code, Fax number and e-mail address if any, will be got printed on the letter heads.

(3) Fair copies will be typed with single spacing unless otherwise directed.

(4) The oblique lines drawn in the margin to indicate the number of enclosures to be sent along with the letter will be indicated at the appropriate places.

(5) The typist will type his initials with date in the left hand bottom corner of the fair copy e.g., RCK/20-05-2001.

(6) *In a computer environment username alongwith path will be indicated on the fair copy by the typist (except classified documents).*

54. *Procedure where centralised typing pool exists -* Steps from the marking of drafts for issue upto the stage of signing of fair communications under a centralised typing.

55. *Marking of drafts :-*

(1) Section officer, while marking the drafts for issue and before passing on the file to the diarist, will:

(a) indicate whether fair copies are to be signed by the officer approving the draft or are to be authenticated for issue by the section officer of the central issue section.

(b) write the words 'with file' on the draft where the file also is to be sent to the central issue section, e.g., where copies of any paper contained therein are to be typed as enclosures.

(2) The diarist will:

- (a) enter the file number of the file 'marked for record' [as per para 49 in column 2 is the 'register for watching the progress of recording' (**Appendix 13**);
 - (b) remove the draft, unless the file itself is to be sent to the central issue section, place it in the pad prominently marked 'drafts for issue' and make suitable entry (e.g., sent for issue on 20-3-2001) in the margin of the notes portion of the file;
 - (c) mark the movement of the file in the file movement register [**para 67 and Appendix 12**], where the file is to be sent with the draft;
 - (d) enter the number of drafts of communications and of the files (if the files are to be sent along with the drafts of communications) in the messenger book;
 - (e) send these to the central issue section at appropriate intervals during the day; and
 - (f) report to the section officer, at the end of each day, the number of drafts not received back within two days from the date those were sent to the central issue section.
- (3) The receipt of the drafts of communications in central issue section will be acknowledged in the messenger book and the messenger book returned to the section concerned.

56. *Despatch of postal communications*

- (1) The despatcher will hand over communications to be sent by post to the peon/daftry, who will:
- (a) separate those to be sent by foreign post from the rest;
 - (b) paste the telegrams, if typed on plain paper, over the printed form of telegram supplied by the Department of Posts and affix service postage stamps of the appropriate value thereon;
 - (c) if a credit deposit account is maintained for issuing telegrams, affix rubber-stamp indicating the credit deposit account number assigned to the department in the space provided for affixing postage stamps;
 - (d) affix postage stamps of the appropriate value on covers, packets, etc. where necessary after weighing them, using ordinary postage stamps for foreign post and service postage stamps for inland post;
 - (e) where postal franking machines are in use, frank the covers, etc. instead of affixing postage stamps;
 - (f) stamp the covers with a rubber-stamp bearing the name of the department; and
 - (g) return the communications to the despatcher.
- (2) The despatcher will enter the particulars of the communications and the value of stamps affixed thereon in the despatch register (**Appendix 9**). *This can be generated automatically in a computer environment.*
- (3) In the case of telegrams, the serial number assigned to them in the despatch register will be noted at a convenient place on the top receipt portion of the printed telegram form to facilitate the linking of the telegram receipts to the relevant entries in the despatch register.
- (4) Departments despatching registered post exceeding a daily average of 10 will use postal registration books so that the outgoing registered communications could straightway be entered in that book instead of in the despatch register. Each entry in such a book will then be got stamped by the post office.
- (5) If a communication is to be sent by registered post (acknowledgement due), the number of the communication will be written on the 'acknowledgement card' also so that, when received back, it can be sent to the section concerned.
- (6) Receipts for telegrams, speed post, registered and insured post, etc. will be checked carefully by the despatcher. These will be filed properly for reference in the event of need.

57. *Despatch of non-postal communications*

- (1) Non-postal communications will be sorted out according to the location of the addressees, entered in messenger books and handed over to messenger for delivery to the addressees.

(2) Messenger books will be numbered serially and an adequate number of such books allotted to each department/office or several departments/offices grouped conveniently according to their location.

(3) Urgent communications will be despatched promptly. The time of despatch will invariably be noted in the messenger book. The receipts will similarly be required to indicate the time of their receipt. Ordinary communications will be despatched at least twice a day at suitable intervals.

(4) Only urgent communications will be despatched outside office hours. No communication will be sent to an officer at his residence unless:

(a) it is of such a nature that action thereon cannot wait till the commencement of the next working day;

(b) it is marked 'immediate' and addressed to the officer by name; and

(c) its delivery to the officer's residence has been authorised by the branch officer concerned at the despatching end.

(5) After the communications have been delivered, the despatcher will examine the messenger books to see that all the communications entered therein, have been duly acknowledged by the recipients under dated signatures, written in ink. Instances where the communications have not been acknowledged will be immediately brought to the notice of the section officer of the central issue section for investigation and further suitable action.

a. Urgent communications sent through fax will generate a confirmation slip of delivery on the fax machine, which will be recorded on the file along with the office copy. The original communication sent through fax will subsequently be sent in a routine manner also.

b. E- mail will be used in offices having computers supported by internet or intranet connectivity. Messages received through e-mail will ordinarily be replied to in the same form by the officer receiving the message or his subordinate. E-mail correspondence may also be initiated to cut down the time taken in communications on issues not having financial or legal implications. All points emerging during e-mail correspondence will be recorded through a note on the file concerned.

88. *Return of papers* - After issue of fair communications the despatcher will make over office copies, together with drafts and relevant files, if any, to the clerk maintaining the issue diary. The latter will return the papers to the diarists of the sections concerned after making entries in column 3 of the issue diary.

58. *Action after issue*

(1) On receipt of papers after issue, the diarist will:

(a) check that the office copies bear the stamp issued;

(b) make sure that files and other papers sent with the drafts to the central issue section have been received back;

(c) make entries about the return of files in the file movement register;

(d) make entries in **section despatch register**.

(e) place office copies, with drafts, if any, on the relevant files; and

(f) pass on the files to the dealing hands concerned.

(2) The dealing hand will:

(a) docket the communication(s) issued along with the original of the approved draft(s) where so required.

(b) examine whether the case is fit for inclusion in any of the following reports and obtain orders of the appropriate officer:

(c) initiate action to record the file where it has been marked for record by the section officer..

(d) if a reply to the communication issued is to be awaited or further action on the file is to be resumed at a later date-

(i) mark the file for being brought forward on that date. *In computer environment an entry will automatically generate a reminder on that date;*

(ii) make a note of it in the engagement calendar and diary or the relevant date; and

(iii) pass on the file to the diarist for recording its movement in the file movement register vide para 67.

(3) The section officer will scrutinise the section despatch register once a week to see that it is being properly maintained and append his dated initials in token of scrutiny. *In computer environment he will generate weekly report through the computer.*

(4) In the desk system, all activities outlined in sub-paras (1) to (3) above will be performed by the desk functionary with the assistance of the stenographer/assistant attached to him.

59. Reference lists

(1) To facilitate quick despatch of papers the central issue section will maintain the following lists and directories:

- (a) residential addresses and telephone numbers of officers and staff of the department;
- (b) departments which have arrangements within the central registry for receipt of dak outside office hours (with name and telephone number of the official incharge);
- (c) residential addresses and telephone numbers of officers of other departments designated to receive urgent dak outside office hours [vide para 20]
- (d) residential addresses and telephone numbers of officers of other departments designated to receive parliamentary papers;
- (e) postal addresses of all offices under the department, attached offices, subordinate offices, autonomous bodies, etc; which deal directly with it;
- (f) telegraphic and e-mail addresses, and telephone and fax numbers of State Governments and other outstation offices frequently addressed;
- (g) Members of Rajya Sabha and Lok Sabha (including Council of Ministers);
- (k) Diplomatic List issued by the Ministry of External Affairs; and
- (l) Schedule of postal rates.
- (m) Postal PIN code directory

(2) These lists will be kept up to date and displayed prominently for easy consultation by the despatcher, the resident clerk and other officials on duty.

CHAPTER VIII FILE NUMBERING SYSTEM

60. *File numbering system* - A proper file numbering system is essential for convenient identification, sorting, storage and retrieval of papers. The two systems now in use in the secretariat are described below.

61. *Functional file numbering system* -

(1) In this system the range and dimensions of the subjects falling under the scope of business allocated to a department are analysed in the following sequence:

- (a) the main functions of the department;
- (b) the activities in each of these functions;
- (c) the aspects or operations involved in each of these activities; and
- (d) the factors to be taken into consideration relating to each of these aspects or operations.

(2) The scope of business of a department is thus analysed under four hierarchical divisions, and accordingly the following four standard lists of headings are prepared:

- (a) functional heads which may be called 'basic heads';
- (b) activity heads which may be called 'primary heads' as related to each functional head;
- (c) aspect or operation heads which may be called 'secondary heads' as related to activity heads; and
- (d) factor heads which may be called 'tertiary heads' as related to aspects or operation heads.

(3) Based upon the above lists of heads, a functional file index for the various substantive subjects dealt with by a department together with an identifying file numbering system is then developed.

(4) For opening files relating to establishment, finance, budget and accounts, office supplies and services, and other house-keeping jobs common to all departments, the standardised functional file index including its file-numbering system, issued by the Department of Administrative Reforms and Public Grievances will be followed.

62. File numbering system based on subject classification -

(1) Each section will maintain approved lists of:

(a) standard heads, i.e. main subject headings concerning it; and

(b) standard sub-heads, i.e. aspects of the main subject headings.

(2) The standard heads will bear consecutive serial numbers. No such numbers, however, will be allotted to standard sub-heads.

(3) The lists of standard heads and sub-heads will be reviewed at the beginning of each year and revised, if necessary, with the approval of the branch officer concerned. The serial numbers once allotted to the standard heads should not ordinarily be changed.

(4) Before opening a new file, the dealing hand will ascertain the standard head to which the paper under consideration relates. He will then propose a suitable title of the file for the approval of the section officer. The title will consist of:

(a) standard head;

(b) sub-head which will be more indicative of the precise subject than the 'head', (where it is necessary to have more than one sub-head in a title the general should usually precede the specific); and

(c) a brief content indicating the question or issue under consideration in relation to the standard head and sub-head and where necessary, the specific institution, person, place or thing involved.

(5) The title should be as brief as possible but should give at a glance sufficient indication of the contents of the file so as to serve as an aid to its identification. It should be articulated, i.e. broken up into components, each consisting of the minimum possible substantive words and expressing an element in the subject matter. Each part will begin with a capital letter and will be separated from the preceding one by a bold dash.

(6) As far as possible, there should be a separate file for each distinct aspect of the subject. The title of a file should not be couched in very general or wide terms which might attract large number of receipts on different aspects of the matter, thereby making the file unwieldy.

(7) If the issue raised in a fresh receipt or in the note on a current file goes beyond the original scope, a new file may be opened to deal with it, after placing the relevant extracts or copies thereon.

(8) Every file will be assigned a file number which will consist of:

(a) the serial number allotted to the standard head;

(b) the serial number of the file opened during the year under the standard head;

(c) the year of opening the file (all four digits i.e., 2000, 2001, etc.); and

(d) an abbreviated symbol identifying the section.

(5) The first three elements in the file number will be separated from one another by a slant stroke and the last two by a dash. Thus, files opened in, say, Scientific Research Section during 2000 under the standard head bearing serial number '3', will be numbered consecutively as 3/1/2000-SR, 3/2/2000-SR and so on, where 'SR' represents the section.

Note: In a computer environment file numbering will be done electronically in either of the systems mentioned in Paras 61 and 62 A unique file number will be automatically generated whenever a fresh file is opened.

63. *Instances where files need not be opened* - Normally, no new files will be opened for dealing with receipts of a purely routine nature (e.g. requests for supply of unclassified factual information, notices of holidays, miscellaneous circulars) which:
- (1) can be disposed of straightaway by noting the reply on the source receipts and returning them to the originators; or
 - (2) are unlikely to generate further correspondence and therefore can be placed in a miscellaneous file to be destroyed at the end of the year, or placed in the folder of circulars, etc.; if on the subject.
64. *File register* - A record of files opened during a calendar year will be kept in a file register to be maintained by the diarist. A list of approved standard heads along with the serial numbers identifying them should be pasted at the beginning of the register. The pages allotted to the standard heads in the registers should also be indicated against each. *Electronic file register will also be maintained in a computer environment.*
65. *Part file* -
- (1) If the main file on a subject is not likely to be available for some time and it is necessary to process a fresh receipt or a note without waiting for its return, a part file may be opened to deal with it. This device may also be resorted to where it is desired to consult simultaneously two or more sections or officers and it is necessary for each of them to see the receipt noted upon.
 - (2) A part file will normally consist of:
 - (a) receipt or note dealt with; and
 - (b) notes relating thereto.
 - (3) Where two or more part files are opened, each will be identified by a distinct number, e.g., part file I, part file II and so on.
 - (4) A part file will be merged with the main file as soon as possible, duplicate papers, if any, being removed.
 - (5) *Appropriate electronic entry for opening of part file will be made in a computer environment, so that easy tracking is facilitated for the purpose of merging of the part file on to the main file on its return.*
66. *Transfer, reconstruction and renumbering of files* - Whenever work is transferred from one department/section to another, the former will promptly transfer all the related records including files, both current and closed, to the latter. The department/section taking over the records will not divide, reclassify or renumber the closed files transferred to it. In the case of current files, the endeavour should be to close them at the earliest possible stage and to open new files according to the department's/section's own scheme of classification for dealing with the matter further. A file will be reconstructed if it is misplaced. The file number and the subject will be obtained from the file register and the copies of correspondence will be sought from the corresponding department. On receipt of all such papers they will be arranged in chronological order on the file and a self-contained note will be prepared on the basis of the copies of correspondence, and placed on the notes portion of the reconstructed file.
67. *Movement of files and other papers* -
- (1) Movement of files will be entered in the **file movement register (Appendix 10)**.
 - (2) When current files are linked as per para 32, the movement of the linked files will be marked in the space allotted in the file movement register for the file with which these are linked and also individually in the space allotted in the file movement register for each of the linked files in the manner illustrated in notes 2 and 3 under **Appendix 10**.
 - (3) When recorded files are put up with a file, the movement of the recorded files will be marked in the space allotted in the file movement register for the file with which these are put up in the manner illustrated in note 4 under **Appendix 10**. It will also be ensured that the procedure regarding requisitioning of recorded files as laid down in para 81 is observed.

- (4) Movement of files received from other departments/sections and other receipts which have not been brought on to a file in the receiving section, will be noted in the 'remarks' column of the section diary.
- (5) No current file will be issued to other sections except against written requisition and after marking its movement in the file movement register.
- (6) Files and other papers marked by the Secretary to other officers, sections or departments will be routed through the section for noting their movement.
- (7) When the files are handed over personally by the Secretary to other officers, he will inform the section officer accordingly who will ensure that the movement of such files is marked in the file movement register.
- (8) The personal staff of officers of the rank of Secretary and above will maintain the movement of papers received by their officers in the respective **personal section diary (Appendix 4)**. Movement of any file handed over personally to a higher officer or to the Minister will similarly be noted by the personal staff. Papers/Files marked by them to other departments, however, will be routed through the section concerned, for noting their movement in the file movement register or section diary as appropriate.
- (9) *In a computer environment the movement of files will be recorded electronically at every stage.*
68. *Filing system under desk pattern* - The provisions of paragraphs 61 to 68 will also be applicable the desk pattern of functioning. Assistant/stenographer attached to a desk functionary till assist him in maintaining a proper filing system and movement of files.

CHAPTER IX RECORDS MANAGEMENT

69. *Activities involved in records management* –

- (1) Records management covers the activities concerning recording, retention, retrieval and weeding out.
- (2) Each record creating Board will nominate a Departmental Records Officer (DRO) who is not below the level of a Section Officer for overall records management.

70. *Stage of recording* - Files should be recorded after action on the issues considered thereon has been completed. However, files of a purely ephemeral nature (such as casual leave records or circulars of temporary nature) containing papers of little reference or research value may be destroyed after one year without being formally recorded.

71. *Procedure for recording* -

- (1) Action for Recording:

After action on the issue(s) considered on the file has been completed, the dealing hand/initiating officer, in consultation with his supervisory officer, should close and record the file in the manner prescribed below:

- (a) indicate the appropriate category of record and in the case of category 'C', also specify the retention period and the year of destruction on the file cover;
- (b) where necessary, revise the title of the file so that it describes adequately the contents at that stage;
- (c) get the file indexed unless it is to be retained for less than 10 years from the date of closing;
- (d) extract from the file, copies of important decisions, documents, etc. as are considered useful for future reference and add them to the standing guard file/precedent book;
- (e) remove from the file all superfluous papers such as reminders, acknowledgements, routine slips, working-sheets, rough drafts, surplus copies, etc. and destroy them;

(f) complete all references and, in particular, mark previous and later references on the subject on the file cover;

(g) pass on the file to the record clerk;

(2) Action on Recorded Files

The record clerk will thereafter:

(a) complete columns 4 and 5 of the file register and correct the entry in column 2 where necessary;

(b) enter the file number in column 2 of the **register for watching progress of recording (Appendix 11)**

(c) write the word 'recorded' prominently in red ink (*make suitable entries in computer environment*), across the entries in the file movement register;

(d) indicate page numbers and other references (except references to alphabetical slips) in ink which were earlier made in pencil;

(e) indicate the year of review on the file cover in respect of category 'C' files;

(f) prepare fresh covers, where necessary, with all the entries already made thereon; and

(g) hand over the file to the daftry/peon.

(3) The daftry/peon will repair the damaged papers, if any, stitch the file and, show it to the record clerk for making entries in the register for watching progress of recording (**Appendix 11**) before keeping it in the bundle of recorded files.

72. *Categorisation of records* - Files may be recorded under any one of the following categories:

(1) *Category 'A' meaning 'keep and microfilm'* - This categorization will be adopted for:

(a) files which qualify for **permanent preservation for administrative purposes** (vide part 'A' of **Appendix 12**) and which have to be microfilmed because they contain:

(i) a document so precious that its original must be preserved intact and access to it in the original form must be restricted to the barest minimum; or

(ii) material likely to be required for frequent reference by different parties.

(b) files of historical importance such as those listed in Part 'B' of **Appendix 12**.

(2) *Category 'B' meaning 'keep but do not microfilm'* - This category will cover files required for permanent preservation for administrative purposes, such as those listed in part 'A'. It will, however, exclude the nature of material falling under the category described in (i) or (ii) of sub-para (1) (a) above and therefore need not be microfilmed.

(3) *Category 'C' meaning 'keep for specified period only'* - This category will include files of secondary importance and having reference value for a limited period not exceeding 10 years. In exceptional cases, if the record is required to be retained beyond 10 years it will be upgraded to B category.

73. *Stage of indexing* - Files will be indexed at the time of their recording. Only those files which are categorised as 'A' and 'B' (vide para 74) will be indexed.

74. *Manner of indexing* -

(1) While preparing a file for record (vide para 71) the dealing hand or the desk assistant will underline:

(a) the 'index head', i.e., the standard head or the most important catch-word in the standard head which will naturally occur to any official searching for the file and which will determine the position of the relevant index slip in the consolidated index; and

(b) the 'index sub-head', i.e. the catch word or catch-words in the standard sub-heads and/ or the 'content' of the title which will give a further and more specific clue to the file under search.

(2) Where the functional filing system is followed, files need not be indexed under the basic, primary, secondary and tertiary heads for which the classification scheme itself will provide the master index. However, such files will have to be indexed under the catch-words used in the content part of the title which falls outside the standardised headings.

(3) After index heads and sub-heads in the title have been approved by the section officer/desk functionary, the record clerk/desk assistant will:

- (a) type out, in duplicate, as many index slips as there are index heads and sub-heads underlined in the title;
 - (b) distinguish the index heads from the sub-heads by typing the former in capital letters;
 - (c) indicate at the top of the index slips all the heads and sub-heads mentioned in the title, one below the other, followed by the complete **title of the file and the file number**, as per specimens in **Appendix 13**;
 - (d) allot a pair of slips to each index head and sub-head by scoring out entries relating to the others as per specimens in **Appendix 13**;
 - (e) arrange the index slips in two sets, one in alphabetical order of the heads/sub-head for use in the section, and the other in the sequence of file numbers for the use of the compiler of the departmental index;
 - (f) keep each set of a paper index slips in separate spring clip folders for each year; and
 - (g) indicate the date of indexing on the file cover and initial it in the space provided for the purpose.
- (4) Index slips will normally be typed on good quality paper. In the case of important files requiring frequent and urgent reference, however, card indexes could also be prepared. Even here, the duplicate set meant for incorporation in the departmental index will be typed on good quality paper. Card indexes, where maintained, will be kept according to an alphabetical order of their respective catch-words, in a single series for all the years. Each department will issue departmental instructions specifying the categories of files in respect of which card indexes will be maintained.
- (5) To ensure consistency and facilitate consolidation of departmental index, files relating to parliamentary business will be indexed not only under the appropriate standard heads and sub-heads but also, under the nature of such business, e.g. parliament questions, cut-motion, resolutions etc.

75. *Custody of index slips -*

- (1) Index slips will remain in the custody of the record clerk.
- (2) After all the files relating to a year have been recorded, the set of index slips in respect of that year meant for use within the section (viz, that arranged in alphabetical order) will be neatly stitched and the stitched compilation kept at a convenient place for reference by all concerned.

76. *Compilation of departmental index -*

- (1) The index slips pertaining to files relating to a year will be sent to the compiler of the departmental index one year after the close of the year to which they relate. If some files of that year still remain current even at the time of sending the index slips as envisaged above, the dealing hand with the approval of the section officer will prepare index slips in respect of such files as are likely to be retained for 10 years or more from the date of recording. These will also be added to the set of slips being sent to the compiler of the departmental index.
- (2) The compiler of the departmental index will:
 - (a) edit the index slips by:
 - (i) allowing the full title to appear only on the main index slips, i.e. those indexed under the index heads; and
 - (ii) scoring out the title on the subsidiary index slips, i.e. those indexed under the index sub-heads and giving a cross reference to the relevant index head, as per specimen in **Appendix 13**;
 - (b) arrange the index slips received from different sections, in alphabetical order in a single series for the department as a whole; and
 - (c) arrange for the printing or cyclostyling of the consolidated departmental index for each year.

. *NOTE : In a computerized environment, indexing will facilitate easy retrieval.*

77. *Precedent Book* - Every section will maintain a **precedent book** in the prescribed form (**Appendix 14**) for keeping note of important rulings and decisions having a precedent value for ready

reference. Entries in this record will be made at the earliest opportunity and, in any case, at the stage of recording the file.

78. Record Retention Schedule -

(1) To ensure that files are neither prematurely destroyed, nor kept for periods longer than necessary, every department will:

(a) in respect of records connected with accounts, observe the instructions contained in **Appendix 13** to the General Financial Rules;

(b) in respect of records, relating to establishment, personnel and housekeeping matters common to all departments, follow the 'schedule of periods of retention for records common to all departments' issued by the Department of Administrative Reforms and Public Grievances;

(c) in respect of records prescribed in this Manual, observe the retention periods and

(d) in respect of records connected with its substantive functions, issue a departmental retention schedule prescribing the periods for which files dealing with specified subjects should be preserved in consultation with the National Archives of India.

(2) The above schedules should be reviewed at least once in 5 years.

79. Custody of records -

(1) Recorded files will be kept serially arranged in the sections/desks concerned for not more than one year, after which they will be transferred to the departmental record room. For files due for such **transfer the register at Appendix 15** will be consulted.

(2) In the event of transfer of work from one section to another, the relevant files also will be transferred, after being listed in duplicate in the form at **Appendix 15**. One copy of this list will be retained by the section taking over the files for its record and the other acknowledged and returned to the section transferring them.

(3) Files transferred by a section to the departmental record room will be accompanied by a list of files (**Appendix 15**) in duplicate. The departmental record room will verify that all the files mentioned in the list have been received, retain one copy of the list and return the other, duly signed, to the section concerned. In the record room, these lists will be kept section-wise in separate file covers.

(4) The departmental record room will maintain a record review register in which a few pages will be allotted for each future year. Class 'C' files marked for review in a particular year will be entered in the pages earmarked for that year in the register.

(5) Files surviving the review undertaken on their attaining the 25th year of life [vide **para 79**] will be stamped prominently as 'transferred to NAI' and retired to the National Archives. Files transferred to the National Archives will be accompanied by a list (in triplicate), one copy of which will be returned by the National Archives, duly signed, to the departmental record room.

(6) Record rooms will be properly ventilated, with adequate lighting and fire-safety equipment and avoid exposure to moisture. The records will be arranged serially section-wise and will be regularly dusted. For proper preservation the records will be periodically fumigated and moth-balls will be used.

(7) *In a computerized environment, it would be useful to maintain list of records in electronic form, in the Departmental Record Room.*

80. Review and weeding of records -

(1) A category 'C' file will be reviewed on the expiry of the specified retention period and weeded out unless there are sufficient grounds warranting its further retention. Justification for retaining a file after review will be recorded on the file with the approval of branch officer/divisional head concerned. Retention after a review will be for a period not exceeding ten years, including the period already retained. If a file was originally retained for a period of 10 years, any further retention will require up-gradation of the category.

- (2) Category 'A' and category 'B' files will be reviewed on attaining the 25th year of their life in consultation with the National Archives of India. In these reviews, the need for revising the original categorization of category 'B' files may also be considered.
- (3) The year of review of category 'C' files be reckoned with reference to the year of their closing and that for category 'A' and category 'B' files with reference to the year of their opening.
- (4) Beginning in January each year, the departmental record room will send to the sections/desks concerned the **files due for review** in that year, together with a list of files in the form at **Appendix 16**, in four lots-in January, April, July and September.
- (5) (i) Files received for review will be examined by, or under the direction of, the Section Officer or the desk functionary concerned and those files which are no longer required will be marked for destruction. Other files may be marked for further retention vide sub- paras (2) & (3). It may, however, be ensured that in case an inquiry has been initiated departmentally or by a Commission of Inquiry or as a result of Court proceedings having a bearing on the subject matter contained in the files/documents concerned or the files/documents which are required in connection with the implementation of order/judgement of any court of law, such files/documents will not be destroyed, even if, such files/documents have completed their prescribed life as per the Record Retention Schedule.
- (ii) Files/documents referred to above may be, destroyed only after submission of the Report by the Commission or completion of inquiry or implementation of the judgement/order of the court(s), with the approval of the concerned Joint Secretary/Head of the Department. In case the implementation of the court order has been challenged/appealed against either by the Government or by the applicant in a higher court, the concerned files/documents will not be weeded until such time the appeal/challenge is considered and finally decided. In such cases the limitation period prescribed for appeals should also be kept in mind.
- (6) After review the record clerk/desk assistant will make entries of revised categorization/retention period in the file registers and return them to the departmental record room along with the list (**Appendix 16**) after completing column 3 thereof.
- (7) The departmental record room will:
- (a) transfer category 'A' and category 'B' files surviving the review undertaken at the 25th year of their life vide sub-para (3) above, to the National Archives;
- (b) in the case of other files:
- (i) destroy those marked for destruction, after completing column 4 of the list of files and
- (ii) restore the rest i.e. those marked for further retention, to the departmental record stacks after making the required entries in the record review register in the case of category 'C' files;
- (8) Records not falling within the definition of file, e.g., **publications, spare copies of circulars, orders, etc.**, will also be subjected to periodic reviews at suitable intervals and those no longer needed should be weeded out. To facilitate such reviews each section will maintain a register in the form at **Appendix 17**.
- (9) Considering the urgency to reduce the volume of records now being retained without any significant need for their retention, the following measures may be taken in the Ministries/Departments:-
- (a) A special drive may be launched every 6 months to record/review all old files and to weed out those no longer needed.
- (b) Each Joint Secretary may review every quarter the state of indexing/recording/review/weeding out of files in his wing and allot time bound tasks towards this and to the members of the staff;

- (c) Inspecting officers may be asked to pay special attention to the stage of Records Management in the sections as well as the Departmental Record Rooms during their inspections.
- (10) The following manner of Weeding/Destruction of records will be adopted:
 - (a) Routine files/records will be manually torn into small pieces and disposed.

81. *Records maintained by officers and their personal staff* - Each department may issue departmental instructions to regulate the review and weeding out of records maintained by officers and their personal staff.

CHAPTER X SECURITY OF OFFICIAL INFORMATION AND DOCUMENTS

82. *Unauthorised communication of official information* - Unless authorised by general or specific orders, no official will communicate to another official or a non-official, any information or document(s) (*including electronic document(s)*) which has come into his possession in the course of his official duties.

83. *Confidential character of notes/ files* -

(1) The notes portion of a file referred by a department to another will be treated as confidential and will not be referred to any authority outside the secretariat and attached offices without the general or specific consent of the department to which the file belongs. *If the information is in the electronic form it will be handled by the authorised official only.*

CHAPTER XIV

ELECTRONICALLY SUPPORTED OFFICE PROCEDURES SYSTEM

116. *Need for electronic support system-* With a gradual shift to automated environment in Tea Boardoffices, there exists a case for adopting a completely electronic support system

incorporating the basic procedures enshrined in the Manual. The system will also ensure easy storage, processing and quick retrieval of information at any point of time and by all relevant functionaries, thereby ensuring increase in overall efficiency and productivity of the Board.

The system will operate with the help of computer hardware installed with all sections and personal staff, in addition to the officers, and supported by matching software, the availability of Local Area Network (intranet) being a prerequisite. All personnel required to operate these computers will be trained to ensure hundred percent data entry, to keep daily backups, generating periodic reports, taking hard copies where necessary, and reviewing progress of working on the system.

117. *Procedures to be followed in an electronically supported system-* The software for supporting office procedures will preferably be a simple menu driven system, having in-built checks, which gives administrative support to a wide range of activities to address the requirement of a variety of users. These features of the software are discussed in the following paragraphs:-

- (1) *Diarising of Receipts-* Each fresh receipt will be diarised through the computer either by the Central Registry or by the personal staff of officers resulting in a unique diary number, wherever it is done in the office. It will then be recorded on the body of the receipt.
- (2) *Movement of Receipts-* Whenever a diarised receipt travels, the movement will need to be recorded electronically by the relevant official, whether the Central Registry, the section handling the receipt, or the personal staff of the officer, to facilitate its subsequent tracking.
- (3) *Updating Receipt status as and when it changes-* The status of the receipt will need to be constantly updated and electronically recorded by each official handling it at every stage.
- (4) *Linking the Receipt to a file-* When the receipt reaches the dealing hand in the section it will be ascertained whether a file on the subject already exists. If so, the receipt will be placed on the relevant file. If not, a fresh file will be opened and the receipt placed on it. In either case, the dealing hand will furnish the status to the diarist who will then reflect this action electronically by recording the file number at the place provided for it against each receipt.
- (5) *Opening of new files-* When the dealing hand indicates the need for a new file to be opened against any receipt, the diarist will electronically enter the data and the file name and generate a unique file number through the computer which will be also recorded on the body of the file.
- (6) *Recording Movement of Files-* Whenever a file travels, whether within the Department or to/from another Department, its movement will be electronically recorded to reflect its current status.
- (7) *Final Disposal of Files-* Once action on a file is complete, the file will be marked closed on the computer. This system will ensure that all the linked receipts are closed automatically. If the files needs to be reviewed at a latter date, the month and year of review will be recorded on the computer, so that a reminder is available when it is due.
- (8) *Linking and Delinking of Files-* If some files need to be linked temporarily with main file, the system will provide a facility for the same. For all subsequent movements of the main file, the system will display all linked files and depending on the requirement the files will be kept linked or may be linked.
- (9) *Review and Monitoring the pending Files/ Receipts-* The system will incorporate a mechanism for review and monitoring by the officers concerned (or by his superior) of the status of disposal of a receipt or a file. This review and monitoring will be undertaken periodically by the supervisor officer, and necessary follow-up action on instructions recorded will be pursued to ensure speedy disposal.
- (10) *Timely Disposal of Files/Receipts-* As far as possible the time limits laid down for disposal of cases will be ensured. Any case exceeding the time limits will be treated as priority and all efforts will be made for its early disposal. Time bound reminders can also be generated automatically.

- (11) Despatching the letters/files through Central Registry or directly- Before despatch, any letter or file will need to be diarised electronically whether at the Central Registry, the Section, or by the personal staff of the officer. The despatch details will also be electronically recorded.
- (12) Retrieval of information through Self-query- The electronic query system allows for the easy retrieval of information whenever required. The system should, therefore, incorporate a range of standard queries.
- (13) Automatic generation of Reports- The Pendency Reviews and Queried Information will lend itself readily to Report Form and will be automatically generated electronically. If necessary hard copies of these Reports will also be taken for records.
- (14) Precedent book entry- The software may incorporate the provision for a precedent book option. The files having precedence value and important policy issues, after getting closed will be entered in the precedent book. The decision taken will be fed in the system along with the decision date. This would help in making policy decisions. Also the relevant file numbers and where the file may be accessed may be indicated.
- (15) Attaching catchwords with files- Files could be assigned some key words to make subsequent retrievals easy. Key words are for identifying a file on the basis of a few relevant words pertaining to the file. The key words can be used through the query system to access and retrieve file when required.
- (16) Overall Records Management- In the electronic system complete data will be available for further analysis and records management. Indexing procedure will be simple and a facility of free text search on all the textual fields (name, subject, letter reference number etc) will facilitate ease of operation. It will also be easily integrated with an electronic records storage, archival and retrieval system. The package can provide for creation processing and recording of files in totally computer environment.

Where cost exceeds Rs. 5 lakhs (or such amount as may be specified by Board from time to time) unless for reasons to be recorded in writing it is expedient to follow limited tender procedure, offers will be invited by open tender from manufacturers / authorized dealers / agents. (See Appendix --)
7. In case of articles, which are of a proprietary nature or when the competent authority is satisfied that only a particular firm manufactures the stores required the said firm may be issued a 'Single Tender Enquiry'.

8. All offers will be assessed on basis of technical considerations and qualifying tenderers will be considered on basis of lowest rates. Wherever necessary separate Technical and Financial Bids will be invited to facilitate this.

3. Serial number of the entry in the Register; and
4. Year of its acquisition.

- The identification mark shall be painted, or written permanently, on each item of the Stores in abbreviated fashion, e.g., BOARD/Off.Ch.- 19/03

- In case of his transfer elsewhere the Storekeeper shall make over the Stores in his custody to his successor after a physical verification of both Stores held and Stores issued.

- While taking charge of the Stores, the new Storekeeper shall examine the accounts and describe the state of the account records. He may also count, weigh and measure certain articles, selected at random, to test the accuracy of records maintained.

A record of such verifications carried out shall also be maintained in a Register as per the format at **Appendix - 46**. The register will be put up to F.A.&C.A.O/Secretary in the month of March every year.

- Balance of Stores held at any time shall not exceed the maximum limit, where prescribed, or the requirements for a reasonable period.

- _____ The loss discloses any defect in rules or procedures and, if so, what action for their amendment can be initiated; and
- _____ Has there been any serious negligence on the part of an employee that may call for disciplinary action by Competent Authority.

- If any defect in the rules/ procedures is found to have caused the loss, the possibility of rectifying the defect by amending/ revising the concerned rules/ procedures shall be considered.

- Where the competent Authority is satisfied that the loss was caused by an honest error of judgment and that the person responsible had acted in good faith to the limits of his ability and experience, it may condone the lapse and write off the loss.

- Personal liability shall, however, be fixed and strictly enforced against all those who are found to have been dishonest, careless or negligent in performing their duties.

- All such cases shall be investigated thoroughly and expeditiously. Efforts will also be made to vplug any loopholes in the existing procedures to prevent recurrence of such losses and also to recover, from the person responsible, at least the depreciated value of the property so lost.

- A periodical inspection of Stores, preferably every six months, shall be made by a responsible officer to identify Stores rendered surplus/obsolete in terms of the determined 'life period'.

- An item of Stores may be considered to have become obsolete/ unserviceable /surplus and declared as such when it:

1. _____ Has outlived its 'life period' and it is not practicable to repair or renovate it economically; or

2. Has been rendered unusable by normal wear and tear, accident, fire, flood etc.; or
3. Is damaged by insects, rats etc.; or

- Before, however, making any such declaration the Stores in question shall be examined by a committee of three persons constituted at the appropriate level under orders of Chairman.
- The Committee shall examine the Stores under review with reference to their 'life period', where prescribed; their physical condition and requirements of the Board before declaring them as obsolete, unserviceable or surplus.
- Each order declaring the Stores as obsolete, surplus or unserviceable shall specify full reasons for not declaring them as such. Proper records of all such Stores shall be maintained in the format at (**Appendix –47**) to watch their disposal.
- The authority competent to sanction purchase of a Store shall also be the one competent to declare that Store as obsolete /surplus /unserviceable and to sanction its disposal.
- All Stores declared as obsolete, surplus or unserviceable shall be disposed of by sale or otherwise under orders of the competent authority.
- The time lag between the Stores being declared surplus/obsolete etc. and their disposal should be kept to the minimum. The Stores in question should be kept safe and properly protected from damage / pilferage till they are disposed

 4. In all cases 'dual bid system' or two envelope system shall be used; one containing the technical bid and sample; the other the financial bid.
 5. A tender opening and evaluation committee shall be formed to process cases and recommend acceptable offer based on techno-economic considerations.
- A register in the format prescribed (**Appendix 48**) shall be maintained to keep records of acquisition and issue of various items of stationery.

However, the Official Languages Act, 1963 permits the continued use of English for specified purposes of Government work subject to certain conditions. The Official Languages Rules, 1976 have been framed under the Official Languages Act, 1963. Instructions are issued from time to time by the Department of Official Languages to ensure compliance with them. Each year an annual programme of action is also issued.

(2) Each Department is expected to ensure that the provisions of the abovementioned Act, Rules and instructions issued thereunder as well as the annual programme of action as prepared by the Department of Official Languages are strictly observed. In particular the following should be ensured:-

- (a) Communications to the offices of State Governments and the Administration of the Union Territories or persons residing in Region (A) i.e. Bihar, Chattisgarh, Haryana, Himachal Pradesh, Jharkhand, Madhya Pradesh, Rajasthan, Uttaranchal and Uttar Pradesh, as well as the Union Territories of Delhi and Andaman & Nicobar Islands, and in Region (B) i.e. Gujarat, Maharashtra and Punjab as well as the Union Territory of Chandigarh as defined in sub-rules (2)(f) and (g) of the Official Languages Rules 1976, shall be made in Hindi. STYLE IN NOTES AND DRAFTS1

The style in notes and drafts is as important as their contents. The following will be observed in drafting and also in writing notes:-

- (1) "Information" is singular. If information is called for on many points, it does not become "Informations."
- (2) The words "Proximo", "Idem" and "Ultimo" should be avoided. They are not necessarily even abbreviations and they possess no other recommendations. On the contrary, they lead to confusion and one has to take the trouble of looking at the date of the letter to find out what they mean. The names of the months must be used instead.
- (3) "The same" must not be used instead of "it" or some other simple word.
- (4) Such needlessly formal words as "therein" and "thereon" should not be used instead of "in it" or "on it".
- (5) The preference for passive verbs over active verbs generally make the style vague and clumsy, as "It is understood" for "I do not understand" or "The date of issue of the order should be reported by him" for "he should report when he issues the order".
- (6) A simple or short word is to be preferred in place of a long phrase. Examples of needless verbosity are preference of "make the assessment" to "assess", "purchase", to "buy", "commence" to "begin" and "omitted to" or "failed to" to the simple "did not" (the two latter ones are very common); "make enquires" for "enquire"; "building purposes" for "buildings". Where "omit" by itself is proper and sufficient. The love of such redundant phrases is displayed as "has been omitted to be entered in the register" instead of "has been omitted from the register". Another widespread error is the use of "for being" instead of "to be" and "for doing" instead of "to do" and "returned for being stamped" instead of "to be stamped". If the Secretary orders that an assistant should be punished "for being corrupt" it does not mean "in order to make him corrupt".
- (7) Foreign or classical words and expressions should be avoided as far as possible; vernacular words should only be used when their meaning cannot be expressed equally well in English.
- (8) Short sentences should be preferred to long ones "Secretary's attention is invited to O.M..... He is requested .." is better than "The Secretary's attention is invited to O.M..... and he is requested". "In case in which" is a clumsy phrase for which "when", "where" or "if" can usually be substituted. The word "necessary" is usually superfluous in such phrases as "the necessary entries", "the necessary corrections", "the necessary instructions", etc.
- (9) The phrase "do the needful" should never be used. Either state definitely what is to be done or say "do what is necessary". The word "avail" is very awkward one, as it is reflexive and also takes "of" after it. It is better avoided. Moreover, if you do use it, you must not say "the leave was availed of" or "I availed of the leave", still less "he is permitted to avail the holidays". You must say "I availed myself of the leave" and so on. But why not simply say "took the leave"?

"Available" also is a bad word. A register "not readily available" may mean anything, for example, that it was needed for reference by one of the members, or had been sent some-where out of the office, or was locked up and the key was elsewhere. It is very annoying to have one's work increased by having to send a note back to ask what it means.

- (10) Split infinitives should be avoided. Write "Kindly to state" and not "to kindly state". A very common and equally objectionable feature of official communications is a similar splitting of other verbal phrases. For instance, "The Deputy Commissioner will, in the circumstances now stated, be requested" is not good English. It is quite as easy to say "In the circumstances now stated, the Deputy Commissioner will be requested to.....".
- (11) Do not write "marginally noted" which could only mean "having marginal notes". Write "noted in margin". Similarly "Plan marked" could only mean "marked with plans" (Compare "pock-marked"), and "plaint mentioned" neither does nor possibly could mean anything.
- (12) Instead of such a phrase as "the figures for 1949, 1950 and 1951 were 256, 257 and 348 respectively" which is confusing, write "the figure for 1949 was 256, that for 1950 was 257 and that for 1951 was 348". This is a little, if at all, longer and is perfectly clear. "Former" and "latter" should also be avoided as they are constant sources of confusion.
- (13) Do not ride any phrase to death. Some persons begin every letter with the phrase "with reference to", It is better to vary the phrase so as to make it definite. Say "In reply to", "As directed in" and so on; or begin in narrative form "In their order..... Government directed.....". Avoid the phrase "with advertence to".
- (14) In ordinary English "in case" does not mean the same as "if" "I shall take my umbrella in case it rains" means "so as to be prepared for rain". Nor does "as well as" mean the same as "and". It is much more emphatic. It would be absurd to say "a man was 5 feet 8 inches high as well as 21 years of age", But you might well say that "he was a good painter as well as a remarkable musician".
- (15) The fondness for writing "as well as" for "and" and "in case" for "if" presumably arises from the fondness of the users for a longer expression. "In case if" is a stage further on the downward path. "I am unable to" for "I cannot" and "hand over" for "give" are other common examples of the preference for the longer phrase. "By the time" is sometimes wrongly used for "then". "By that time" is sometimes wrongly used for "then". "By that time" is means "then". "By the time that" means "when". Always as definite as possible.
- (16) "As such" is often misused. It is correct to say "Mr. A was then the Superintendent and as such was bound to report-"but "Mr. A was not then the Superintendent and as such he is not to be blamed" is meaningless. "While such being the case" is a familiar embellishment of criminal complaints, etc. "While" is here redundant,.
Tenses and moods are misused in almost every note or draft. The misuse of "had" is one of the commonest errors. The pluperfect "had" is rightly used to emphasize the priority of one event in the past to another. It is correct to say "I had gone to bed when the house caught fire" but senseless to say "I had gone to bed at 10 O'clock last night" ("I went" is correct)-unless the meaning is that you had gone to bed before 10 O'clock. The present tense is wrongly used for the incomplete perfect, as in "I am record-keeper from 1906. "I have been record-keeper since 1906" is correct. "Government press for a reply" should be "Government are pressing for a reply". "The following men now act" is wrong. It should be "are now acting". "Act" means "usually act" or, habitually act"; "are acting" emphasizes the fact that they are doing so now.
- (18) "Must have" is sometimes misused for "should have" or "ought to have". "Must have done it" means that he certainly has done it. It is not to be used to mean that he has not done it but should have. "Till" is commonly misused in a way that it is positively misleading. "No reply was received till January last" implies that a reply was received on January 1st but it is erroneously used to mean that even on January 1st no reply had been received. To convey this latter meaning "up to" with the pluperfect is the correct English-"Up to January 1st, I had received no reply".
- (19) Distinguish "all the stamps have not been punched" which is ambiguous from "Not all the stamps have been punched" or "the stamps have not all been punched", which mean that some have been punched and some not. These phrases are commonly confused. "He has yet to collect Rs. 1,000",

is not ordinarily modern English. "Still has" is correct. "Yet" may be used with a negative, e.g., "has not yet applied" and is only used with a positive a verb in special phrases such as "I have yet to learn".

- (20) "So" is not equivalent to "very". It is sometimes written "the peon is so impertinent" "I warned him so many time" meaning "very impertinent", "very often". "Not so bad" means "rather goods", but this is a colloquial phrase. Similarly, "too" has generally a relative sense, that is, it implies exactly relatively to a certain standard or object not absolute intensity so to speak (except in a few colloquial phrases such as "it is too bad"); but it is commonly written "it is too hot" meaning "it is very hot".
- (21) The verb "to hope" implies pleasurable anticipation. It is used sometimes instead of a natural word such as "think", and thereby producing comically inappropriate phrases such as "I hope your honour is ill". Omission of articles (a, an, the) is a common fault. It is permissible in a telegram for reasons of economy-not elsewhere. But articles must be used correctly. The statement "appellant is the inhabitant of Jaipur," implies that there is only one inhabitant. "An inhabitant of Jaipur" is correct "This is serious omission" should be "This is a serious omission".
- (22) "As to" is common redundant form e.g. "The Deputy Commissioner is directed to report as to whether", "whether" alone is sufficient. So also "as against" or "as compared with" are commonly used in comparing figures, where "against" or "compared with" are sufficient and correct. It is correct to say "as compared with last harvest, the yield was poor", but not the "yield was 4 rupees as compared with 8 rupees last year". "As" mean, nothing in the latter phrase.
- (23) Pseudo-accuracy account for much unnecessary verbiage. "It any" is a common example of this fault. It is quite unnecessary to say "The Deputy Commissioner is requested to report the number of cases if any". If there are none, the Deputy Commissioner will say so. In the same way it is unnecessary to say "The Deputy Commissioner is requested to report whether it is advisable or not to".... The use of the word "ask" instead of "order" or "direct" produces a curiously important effect when a lower subordinate is referred to. "The S.D.O. may be asked to report" sounds silly.
- (24) On the other hand, the use of such phrases as "at all", "in spite of" sometime sounds needlessly discourteous as well as unidiomatic. "In spite of there reminders the Deputy Commissioner has not at all cared to reply" is rude as well as un-English "It" will be enough if the Deputy Commissioner...." is not English. The more appropriate phrase is "the Deputy Commissioner need only". Avoid pretentious words such as "penultimate". "Last but one" is quite good enough.
- (25) "I am directed to request that you will be so good as to furnish me with information as to whether" is the sort of stuff that we come across frequently. "I am directed to enquire whether" means exactly the same and is not unduly curt. Never use several words where one will do. Do not write "make an application" but "apply" or "a liable of the value of fifty paise only" instead of "a fifty paise stamp". Addition of the word "only" after any sum of money is in place in a bill or cheque not elsewhere.
- (26) "In this connection" at the beginning of a sentence is a favourite bit of hackneyed padding. It means nothing at all. "In returning herewith" a favourite but inappropriate type of opening phrase. It is often aggravated by making the subject of the main sentence different from the implied subject of "returning" or by changing to the passive construction. You can say "In returning...I am directed to point out". You must not say "In returning herewith the statement received with his letter....the Deputy Commissioner is informed". But this is quite common. On the other hand, such phrases as "Turning to paragraph....it may be observed" and so on ("Regarding", "Concerning", "Considering", etc.), are unobjectionable though "Turning to paragraph 1" is no doubt more strictly correct.
- (27) A needless anxiety to avoid repetition gives rise to various faults. Sometimes, instead of repeating a man's name, an assistant will say "the individual" which is not good English. The use of "former and latter", "respectively" and "the same" have been mentioned already and also come under this head.

- (28) The words "Comprise", "compose" and "consists" are confused with each other. It is written "the land comprises of 3 plots" or "is comprised of". The correct forms are "the land comprises consists of is composed of three plots". It is also written "the old building was substituted by a new one". You can say "a new building was substituted for the old one" or "the old building was replaced by a new one". "Dispose it off" is a common error for "dispose of it", also "tear off" for "tear up" and "stick up" for "stick in" (You can stick a thing "up" on a wall of course but not "up" in a book). "Stick up too" is used for "Stick to" itself a slang phrase. "He stuck up to the agreement" is wrong. It is also written "slips have been pasted" and the "papers have been stitched" whereas "pasted in" and "stitched (or preferable `Sewn') together" are correct.
- (29) "Agree" and "tally" cannot be used actively. Figures may agree or tally. You cannot "agree" figures or "tally" them. Generally use unpretentious words rather than pompous ones. "I went to camp" not "I proceeded", "live" or "dwell", not "reside". "Instead of" is much more usual in ordinary English than "in lieu of", which is a phrase used mainly in legal documents. "Stamp" is the ordinary English not "label"; and "Envelope" or "letter" not "cover".
- (30) You cannot say "He told expressed that he was unwilling". It must be he told me that he was unwilling, "he expressed his unwillingness", "he expressed himself strongly. "Enough of money" is not good English. Say "enough money"; "of follows "enough" when for any reason it is necessary to use "enough" as a substantive, e.g. "I have had enough of this" "I don't know enough of the language, to..." but "I know enough English to...". "None" for "no one" is obsolete or poetical. Do not write "None made any offer" but "no one made any offer". Do not say "it is not used by any" but "but it is not used by anyone". Do not say "this is known to all" but "everyone knows this". "There is no use of sending" is wrong. It should be "it is no use sending", "it is no use to send" or "there is no use in sending".
- (31) Do not qualify expressions, needlessly. To do so produces flabby style. Words like "it seems" and "it appears" are used when there is really no doubt. "He was absent in his house" meaning that he was elsewhere than in his house, is a contradiction in terms. "Absent from" is correct, but the ordinary English would be "he was not at home", or simply "he was away" or "was out". "Also" is misused with negatives. "He did not address the letter and did not also stamp it" should be "nor did he stamp it".(32) "He puts himself up at" or "he is put up at", are wrong. The correct English (and it is colloquial) is "He is putting up at", "Wooden piece" for "piece of wood" is a common error.
- (33) "I enquired/enquired into the witness" is another frequent mistake. You "examine" a witness and "enquire into" a case. But one does not "investigate into a case", one "investigates it". `Male member' should not be used to mean "male" or "man". You can say "the male members of my family". Do not say "my family members" but "members of my family". "Through" meaning "past" and "cross" meaning "went past" are frequently used e.g., "I went through the temple", or "I crossed the temple". You "cross" a river or a road when you go from one side of it to the other.
- (34) Do not use such phrases as "has breathed his last", or "is no more", for "is dead". "It is high time to do so and so" is an idiomatic English phrase. "As it was high time, the Court adjourned the case till next day" is not English.
- (35) "In view to do" so and so is wrong. You can say "with a view to reducing" meaning "in order to reduce", and you can also say "in view of these circumstances" meaning "having regard to them". "In view to" is impossible.
- (36) "You should insist on the under secretary to reply" is wrong. It should be "should insist on his replying". "Address" is used sometimes as though it meant "ask". "Government will be addressed to reconsider their order" is, strictly speaking, meaningless.
- (37) "Government sanctioned a peon to the Deputy Secretary" should be "for the Deputy Secretary". "Petitioner wants that the land should be transferred" is wrong. It should be "wants the land transferred/to be transferred."

APPENDIX 12

Illustrative list of records fit for permanent preservation because of (A) their value for administrative purposes, and (B) their historical importance.

[Vide para 72 (1)(a), (b) and (2)]

A – Records of value for administrative purposes

Papers of the following categories will normally be among those required to be kept indefinitely for administration's use:

- (1) Papers containing evidence of rights or obligations of or against the government, e.g., title to property, claims for compensation not subject to a time limit, formal instruments such as awards, schemes, orders, sanctions, etc.
- (2) Papers relating to major policy decisions, including those relating to the preparation of legislation.
- (3) Papers regarding constitution, functions and working of important committees, working groups, etc.
- (4) Papers providing lasting precedents for important procedures, e.g., administrative memoranda, historical reports and summaries, legal opinions on important matters.
- (5) Papers concerning rules, regulations, departmental guides or instructions of general application.
- (6) Papers relating to salient features of organisation and staffing of government departments and offices.
- (7) Papers relating to important litigation or 'causes celebres' in which the administration was involved.

B – Records of Historical importance

Much of the material likely to be preserved for administrative purposes will be of interest for research purpose as well; but papers of the following categories should be specially considered as of value to historians :

- (1) Papers relating to the origin of a department or agency of government; how it was organised; how it functioned; and (if defunct) how and why it was dissolved.
- (2) Data about what the department/agency accomplished. (Samples by way of illustration may be enough; but the need for such samples may be dispensed with where published annual reports are available).
- (3) Papers relating to a change of policy. This is not always easy to recognise, but watch should be kept for (a) summary for a Minister, (b) the appointment of a departmental or inter-departmental committee or working group, and (c) note for the Cabinet or a Cabinet Committee. Generally there should be a conscious effort to preserve all such papers, including those reflecting conflicting points of view. In the case of inter-departmental committees, however, it is important that a complete set of papers be kept only by the departments mainly concerned – usually the one providing secretariat.

APPENDIX 12 – contd.

- (4) Papers relating to the implementation of a change of policy, including a complete set of instructions to execute agencies etc., and relevant forms.
- (5) Papers relating to a well-known public or international event or *cause celebre*, or to other events which gave rise to interest or controversy on the national plane.
- (6) Papers containing direct reference to trends or developments in political, social, economic or other fields, particularly if they contain unpublished statistical or financial data covering a long period or a wide area.
- (7) Papers cited in or noted as consulted in connection with, official publications.
- (8) Papers relating to the more important aspects of scientific or technical research and development.
- (9) Papers containing matters of local interest of which it is unreasonable to expect that evidence will be available locally, or comprising synopsis of such information covering the whole country or a wide area.
- (10) Papers relating to obsolete, activities or investigations, or to abortive scheme in important fields.
- (11) Any other specific category of records which, according to the departmental instructions issued in consultation with the National Archives, have to be treated as genuine source of information on any aspect of history – political, social, economic, etc., or are considered to be of biographical or antiquarian interest.

APPENDIX 37

Essentials of a functional file index and an identifying file numbering system

1. *Basic heads* - Identify and list basic functions of the department, these may be called 'basic (or group) heads' e.g. 'labour relations', 'foreigners', 'fertilizers'.
2. *Primary heads* – List under each function (i.e. basic/group heads) its main activities identifying them by appropriate subject headings called 'primary heads'.
3. *Secondary heads* – Divide each primary head into sub-subjects or aspects called 'secondary heads'.
4. *Tertiary heads* - Where necessary, break down each secondary head into its various known factors called 'tertiary heads'.
5. *Further sub-divisions* – In this way the process of breaking down the function could be extended to several descending, consecutive echelons according to needs.
6. *Examples* – Examples of basic, primary, secondary and tertiary heads are given in the annexure.
7. *Rational sequence* – In drawing up lists of basic, primary, secondary and tertiary heads and their further sub-divisions, where necessary, some rational sequence in arranging the heads in the same list may be followed. Such an arrangement may reflect organic or procedural relationship among the different heads or to adopt any of the following orders or a combination thereof as convenient :
 - a step-wise process
 - an alphabetical order (particularly when representing regions, produces, commodities, clients, organisations or institutions)
 - descending levels of importance of heads.
 - diminishing frequency of occurrence of different events identified by suitable heads.

The first two places in the list of secondary heads under each subject may be uniformly reserved for 'general' and 'policy' matters.

Entries in each list of standardised heads (*viz.* Under basic heads, primary heads, secondary heads, tertiary heads and so on) may be arranged in alphabetical order, if any other type of sequence as not been followed.

8. *Identification of basic heads* – If the number of basic heads be large, each may be identified by a group of 2 to 3 letters phonetically selected. If it be small not exceeding 10, they may be identified by assigning consecutive Roman numerals to them.

For example, in the field of agriculture, the basic heads 'fertilizers', 'seeds', 'plant protection', etc. could be symbolised by 'Fort', 'Sd', 'Ppn', etc., respectively.

APPENDIX 37 – contd.

9. *Identification of primary heads* – Next, the primary heads will each be identified by a group of 2-digit Arabic numerals beginning with 11 and continuing in consecutive order upto 99.
10. *Identification of secondary and tertiary divisions* – Similarly, each secondary head, as also each tertiary head, will be identified by a group of 2-digit Arabic numerals beginning with 11 and going upto 99.
11. *Deviations* – If the subjects be simple relating to a fresh or recent activity, they may well be covered by one list of primary heads alone or by a two-level list of primary heads and secondary heads. Each primary heads or secondary head could then be identified as in 8 and 9 above.

Progressive increase in levels develops as the number of functions increases, so also when the number of activities under each function and the number of operations under each activity increase.

12. *Exception* – If a paper requiring filing is such as apparently does not relate to any of the approved lists, the following questions may be relevant :-
- (i) whether it can come under any factor heading i.e. a tertiary heading as related to a secondary heading;
 - (ii) whether it seems allied to a secondary heading as related to a primary heading; and if not
 - (iii) whether it could be brought under an additional heading placed at appropriate point in the list of primary headings.

If nothing suggests, it may be temporarily placed in the list of primary headings as the last item.

13. *File code* – The file may then be assigned an alphanumeric code symbol composed in the following sequence :-
- (i) a single letter or a group of 2-3 letters, or a Roman numerical representing the basic head followed by a hyphen as the separator;
 - (ii) a 2-digit group of Arabic numerals representing primary head followed by zero as the separator;
 - (iii) a 2-digit group of Arabic numerals identifying the secondary head followed by a slant stroke as the separator;
 - (iv) serial number of the file opened during the year under the secondary head, followed by a slant stroke as the separator;
 - (v) a 2-digit number representing the year, followed by a hyphen as the separator;
 - (vi) a group of abbreviating letters representing the section.

If the file opened relates to a standardised tertiary head, a 2-digit Arabic numeral identifying it, enclosed in brackets, may be inserted before the serial number mentioned in (iv) above and the slant stroke preceding it.

APPENDIX 37 – contd.

14. *Example*. – A file opened by Labour Relations I section during 1996 relating to a strike in colliery 'X' may have IV 13024/5/96/LRI as the file code where 'IV' represents the functions group 'labour relations'. '13' the primary head 'strikes', '0' the separator, '24' the secondary head 'coal mines', '5' the serial number of the file opened during the year under the secondary head 'coal mines' to describe the colliery involved, '96' the year of opening the file and 'LRI' the section concerned.

To cite another example, a file opened by Foreigners II section to examine an application of Mr. Ferrari, a French national, to visit India may bear the coded number F 17012/2/96-FII where 'F' represents the group head 'Foreigners', '17' the primary head 'visa/endorsement', '0' the separator, '12' the secondary head 'French' '2' the serial number of the file opened during the year under that head, '96' the year of opening the file, and 'FII' the concerned section.

Similarly, in Fertiliser IV section, file relating to fertiliser imports could carry the code Frt-19012/3/96-FIV here 'Frt' would denote the basic head 'fertilisers' and the other symbols would be as explained in the above two examples.

15. *File title*. – A complete title of the file will normally consist of the appropriate standardised heads (from the 'basic' head downwards each separated by a hyphen) followed by a very brief content to describe the particular question issue, event, person, thing, place, etc. involved. The basic head, however, need not form part of the title, when –

- (a) the total number of such heads is small and from their identifying Roman numerals, they can easily be known; or
- (b) the basic head is identified by a letter or a group of letters phonetically selected.

16. *Indexing*. – In indexing files opened under the functional filing system, index slips need not be prepared in respect of the standardised (i.e., basic, primary, secondary, tertiary, etc.) heads as the identification

codes assigned to them can easily be ascertained by reference to the standardised index as developed. However, the 'content' of the file title (*i.e.* outside the standardised headings) may be indexed if it contains a catch word which is likely to help in recalling the case.

For instance, a file with the title "Labour relations – strikes – Coal mines – Singhbhum Colliery Dhanbad – report regarding –" need not be indexed under 'labour relations', 'strikes', and 'Coalmines' which are standardised basic, primary and secondary heads respectively. However, it may be indexed under 'Singhbhum' and 'Dhanbad', the names of the particular colliery and place involved in the strike. The index slip relating to files opened under the same secondary, tertiary or the lowest standardised division will be maintained in a single series in the alphabetical order of the catchwords used in the titles.

In the departmental index, these index slips could be very easily and briefly consolidated as follows by indicating only their sub-number and not the full file No.

'LABOUR RELATIONS – STRIKES – Coalmines. (IV-13024)'

STYLE IN NOTES AND DRAFTS¹

The style in notes and drafts is as important as their contents. The following will be observed in drafting and also in writing notes:-

- (1) "Information" is singular. If information is called for on many points, it does not become "Informations."
- (2) The words "Proximo", "Idem" and "Ultimo" should be avoided. They are not necessarily even abbreviations and they possess no other recommendations. On the contrary, they lead to confusion and one has to take the trouble of looking at the date of the letter to find out what they mean. The names of the months must be used instead.
- (3) "The same" must not be used instead of "it" or some other simple word.
- (4) Such needlessly formal words as "therein" and "thereon" should not be used instead of "in it" or "on it".
- (5) The preference for passive verbs over active verbs generally make the style vague and clumsy, as "It is understood" for "I do not understand" or "The date of issue of the order should be reported by him" for "he should report when he issues the order".
- (6) A simple or short word is to be preferred in place of a long phrase. Examples of needless verbosity are preference of "make the assessment" to "assess", "purchase", to "buy", "commence" to "begin" and "omitted to" or "failed to" to the simple "did not" (the two latter ones are very common); "make enquires" for "enquire"; "building purposes" for "buildings". Where "omit" by itself is proper and sufficient. The love of such redundant phrases is displayed as "has been omitted to be entered in the register" instead of "has been omitted from the register". Another widespread error is the use of "for being" instead of "to be" and "for doing" instead of "to do" and "returned for being stamped" instead of "to be stamped". If the Secretary orders that an assistant should be punished "for being corrupt" it does not mean "in order to make him corrupt".
- (7) Foreign or classical words and expressions should be avoided as far as possible; vernacular words should only be used when their meaning cannot be expressed equally well in English.
- (8) Short sentences should be preferred to long ones "Secretary's attention is invited to O.M..... He is requested .." is better than "The Secretary's attention is invited to O.M..... and he is requested". "In case in which" is a clumsy phrase for which "when", "where" or "if" can usually be substituted. The word "necessary" is usually superfluous in such phrases as "the necessary entries", "the necessary corrections", "the necessary instructions", etc.
- (9) The phrase "do the needful" should never be used. Either state definitely what is to be done or say "do what is necessary". The word "avail" is very awkward one, as it is reflexive and also takes "of" after it. It is better avoided. Moreover, if you do use it, you must not say "the leave was availed of" or "I availed of the leave", still less "he is permitted to avail the holidays". You must say "I availed myself of the leave" and so on. But why not simply say "took the leave"? "Available" also is a bad word. A register "not readily available" may mean anything, for example, that it was needed for reference by one of the members, or had been sent somewhere out of the office, or was locked up and the key was elsewhere. It is very annoying to have one's work increased by having to send a note back to ask what it means.
- (10) Split infinitives should be avoided. Write "Kindly to state" and not "to kindly state". A very common and equally objectionable feature of official communications is a similar splitting of other verbal phrases. For instance, "The Deputy Commissioner will, in the circumstances now stated, be requested" is not good English. It is quite as easy to say "In the circumstances now stated, the Deputy Commissioner will be requested to.....".
- (11) Do not write "marginally noted" which could only mean "having marginal notes". Write "noted in margin". Similarly "Plan marked" could only mean "marked with plans" (Compare "pock-marked"), and "plaint mentioned" neither does nor possibly could mean anything.
- (12) Instead of such a phrase as "the figures for 1949, 1950 and 1951 were 256, 257 and 348 respectively" which is confusing, write "the figure for 1949 was 256, that for 1950 was 257 and that for 1951 was 348". This

is a little, if at all, longer and is perfectly clear. "Former" and "latter" should also be avoided as they are constant sources of confusion.

(13) Do not ride any phrase to death. Some persons begin every letter with the phrase "with reference to", It is better to vary the phrase so as to make it definite. Say "In reply to", "As directed in" and so on; or begin in narrative form "In their order..... Government directed.....". Avoid the phrase "with advertence to".

(14) In ordinary English "in case" does not mean the same as "if" "I shall take my umbrella in case it rains" means "so as to be prepared for rain". Nor does "as well as" mean the same as "and". It is much more emphatic. It would be absurd to say "a man was 5 feet 8 inches high as well as 21 years of age", But you might well say that "he was a good painter as well as a remarkable musician".

(15) The fondness for writing "as well as" for "and" and "in case" for "if" presumably arises from the fondness of the users for a longer expression. "In case if" is a stage further on the downward path. "I am unable to" for "I cannot" and "hand over" for "give" are other common examples of the preference for the longer phrase. "By the time" is sometimes wrongly used for "then". "By that time" is sometimes wrongly used for "then". "By that time" is means "then". "By the time that" means "when". Always as definite as possible.

(16) "As such" is often misused. It is correct to say "Mr. A was then the Superintendent and as such was bound to report-"but "Mr. A was not then the Superintendent and as such he is not to be blamed" is meaningless. "While such being the case" is a familiar embellishment of criminal complaints, etc. "While" is here redundant,. Tenses and moods are misused in almost every note or draft. The misuse of "had" is one of the commonest errors. The pluperfect "had" is rightly used to emphasize the priority of one event in the past to another. It is correct to say "I had gone to bed when the house caught fire" but senseless to say "I had gone to bed at 10 O'clock last night" ("I went" is correct)-unless the meaning is that you had gone to bed before 10 O'clock. The present tense is wrongly used for the incomplete perfect, as in "I am record-keeper from 1906. "I have been record-keeper since 1906" is correct. "Government press for a reply" should be "Government are pressing for a reply". "The following men now act" is wrong. It should be "are now acting". "Act" means "usually act" or, "habitually act"; "are acting" emphasizes the fact that they are doing so now.

(18) "Must have" is sometimes misused for "should have" or "ought to have". "Must have done it" means that he certainly has done it. It is not to be used to mean that he has not done it but should have. "Till" is commonly misused in a way that it is positively misleading. "No reply was received till January last" implies that a reply was received on January 1st but it is erroneously used to mean that even on January 1st no reply had been received. To convey this latter meaning "up to" with the pluperfect is the correct English-"Up to January 1st, I had received no reply".

(19) Distinguish "all the stamps have not been punched" which is ambiguous from "Not all the stamps have been punched" or "the stamps have not all been punched", which mean that some have been punched and some not. These phrases are commonly confused. "He has yet to collect Rs. 1,000", is not ordinarily modern English. "Still has" is correct. "Yet" may be used with a negative, e.g., "has not yet applied" and is only used with a positive a verb in special phrases such as "I have yet to learn".

(20) "So" is not equivalent to "very". It is sometimes written "the peon is so impertinent" "I warned him so many time" meaning "very impertinent", "very often". "Not so bad" means "rather goods", but this is a colloquial phrase. Similarly, "too" has generally a relative sense, that is, it implies exacts relatively to a certain standard or object not absolute intensity so to speak (except in a few colloquial phrases such as "it is too bad"); but it is commonly written "it is too hot" meaning "it is very hot".

(21) The verb "to hope" implies pleasurable anticipation. It is used sometimes instead of a natural word such as "think", and thereby producing comically inappropriate phrases such as "I hope your honour is ill". Omission of articles (a, an, the) is a common fault. It is permissible in a telegram for reasons of economy-not elsewhere. But articles must be used correctly. The statement "appellant is the inhabitant of Jaipur," implies that there is only one inhabitant. "An inhabitant of Jaipur" is correct "This is serious omission" should be "This is a serious omission".

(22) "As to" is common redundant form e.g. "The Deputy Commissioner is directed to report as to whether", "whether" alone is sufficient. So also "as against" or "as compared with" are commonly used in comparing figures, where "against" or "compared with" are sufficient and correct. It is correct to say "as compared with last harvest, the yield was poor", but not the "yield was 4 rupees as compared with 8 rupees last year". "As" mean, nothing in the latter phrase.

(23) Pseudo-accuracy account for much unnecessary verbiage. "It any" is a common example of this fault. It is quite unnecessary to say "The Deputy Commissioner is requested to report the number of cases if any". If

there are none, the Deputy Commissioner will say so. In the same way it is unnecessary to say "The Deputy Commissioner is requested to report whether it is advisable or not to".... The use of the word "ask" instead of "order" or "direct" produces a curiously important effect when a lower subordinate is referred to. "The S.D.O. may be asked to report" sounds silly.

(24) On the other hand, the use of such phrases as "at all", "in spite of" sometime sounds needlessly discourteous as well as unidiomatic. "In spite of there reminders the Deputy Commissioner has not at all cared to reply" is rude as well as un-English "It will be enough if the Deputy Commissioner...." is not English. The more appropriate phrase is "the Deputy Commissioner need only". Avoid pretentious words such as "penultimate". "Last but one" is quite good enough.

(25) "I am directed to request that you will be so good as to furnish me with information as to whether" is the sort of stuff that we come across frequently. "I am directed to enquire whether" means exactly the same and is not unduly curt. Never use several words where one will do. Do not write "make an application" but "apply" or "a liable of the value of fifty paise only" instead of "a fifty paise stamp". Addition of the word "only" after any sum of money is in place in a bill or cheque not elsewhere.

(26) "In this connection" at the beginning of a sentence is a favourite bit of hackneyed padding. It means nothing at all. "In returning herewith" a favourite but inappropriate type of opening phrase. It is often aggravated by making the subject of the main sentence different from the implied subject of "returning" or by changing to the passive construction. You can say "In returning...I am directed to point out". You must not say "In returning herewith the statement received with his letter....the Deputy Commissioner is informed". But this is quite common. On the other hand, such phrases as "Turning to paragraph....it may be observed" and so on ("Regarding", "Concerning", "Considering", etc.), are unobjectionable though "Turning to paragraph 1" is no doubt more strictly correct.

(27) A needless anxiety to avoid repetition gives rise to various faults. Sometimes, instead of repeating a man's name, an assistant will say "the individual" which is not good English. The use of "former and latter", "respectively" and "the same" have been mentioned already and also come under this head.

(28) The words "Comprise", "compose" and "consists" are confused with each other. It is written "the land comprises of 3 plots" or "is comprised of". The correct forms are "the land comprises consists of is composed of three plots". It is also written "the old building was substituted by a new one". You can say "a new building was substituted for the old one" or "the old building was replaced by a new one". "Dispose it off" is a common error for "dispose of it", also "tear off" for "tear up" and "stick up" for "stick in" (You can stick a thing "up" on a wall of course but not "up" in a book). "Stick up too" is used for "Stick to" itself a slang phrase. "He stuck up to the agreement" is wrong. It is also written "slips have been pasted" and the "papers have been stitched" whereas "pasted in" and "stitched (or preferable `Sewn') together" are correct.

(29) "Agree" and "tally" cannot be used actively. Figures may agree or tally. You cannot "agree" figures or "tally" them. Generally use unpretentious words rather than pompous ones. "I went to camp" not "I proceeded", "live" or "dwell", not "reside". "Instead of" is much more usual in ordinary English than "in lieu of", which is a phrase used mainly in legal documents. "Stamp" is the ordinary English not "label"; and "Envelope" or "letter" not "cover".

(30) You cannot say "He told expressed that he was unwilling". It must be he told me that he was unwilling", "he expressed his unwillingness", "he expressed himself strongly. "Enough of money" is not good English. Say "enough money"; "of follows "enough" when for any reason it is necessary to use "enough" as a substantive, e.g. "I have had enough of this" "I don't know enough of the language, to...." but "I know enough English to....". "None" for "no one" is obsolete or poetical. Do not write "None made any "offer" but "no one made any offer". Do not say "it is not used by any" but "but it is not used by anyone". Do not say "this is known to all" but "everyone knows this". "There is no use of sending" is wrong. It should be "it is no use sending", "it is no use to send" or "there is no use in sending".

(31) Do not qualify expressions, needlessly. To do so produces flabby style. Words like "it seems" and "it appears" are used when there is really no doubt. "He was absent in his house" meaning that he was elsewhere than in his house, is a contradiction in terms. "Absent from" is correct, but the ordinary English would be "he was not at home", or simply "he was away" or "was out". "Also" is misused with negatives. "He did not address the letter and did not also stamp it" should be "nor did he stamp it". (32) "He puts himself up at" or "he is put up at", are wrong. The correct English (and it is colloquial) is "He is putting up at", "Wooden piece" for "piece of wood" is a common error.

(33) "I enquired/enquired into the witness" is another frequent mistake. You "examine" a witness and "enquire into" a case. But one does not "investigate into a case", one "investigates it". 'Male member' should not be used to mean "male" or "man". You can say "the male members of my family". Do not say "my family members" but "members of my family". "Through" meaning "past" and "cross" meaning "went past" are frequently used e.g., "I went through the temple", or "I crossed the temple". You "cross" a river or a road when you go from one side of it to the other.

(34) Do not use such phrases as "has breathed his last", or "is no more", for "is dead". "It is high time to do so and so" is an idiomatic English phrase. "As it was high time, the Court adjourned the case till next day" is not English.

(35) "In view to do" so and so is wrong. You can say "with a view to reducing" meaning "in order to reduce", and you can also say "in view of these circumstances" meaning "having regard to them". "In view to" is impossible.

(36) "You should insist on the under secretary to reply" is wrong. It should be "should insist on his replying". "Address" is used sometimes as though it meant "ask". "Government will be addressed to reconsider their order" is, strictly speaking, meaningless.

(37) "Government sanctioned a peon to the Deputy Secretary" should be "for the Deputy Secretary". "Petitioner wants that the land should be transferred" is wrong. It should be "wants the land transferred/to be transferred."

APPENDIX 12

Illustrative list of records fit for permanent preservation because of (A) their value for administrative purposes, and (B) their historical importance.

[Vide para 72 (1)(a), (b) and (2)]

A – Records of value for administrative purposes

Papers of the following categories will normally be among those required to be kept indefinitely for administration's use:

- (1) Papers containing evidence of rights or obligations of or against the government, e.g., title to property, claims for compensation not subject to a time limit, formal instruments such as awards, schemes, orders, sanctions, etc.
- (2) Papers relating to major policy decisions, including those relating to the preparation of legislation.
- (3) Papers regarding constitution, functions and working of important committees, working groups, etc.
- (4) Papers providing lasting precedents for important procedures, e.g., administrative memoranda, historical reports and summaries, legal opinions on important matters.
- (5) Papers concerning rules, regulations, departmental guides or instructions of general application.
- (6) Papers relating to salient features of organisation and staffing of government departments and offices.
- (7) Papers relating to important litigation or 'causes celebres' in which the administration was involved.

B – Records of Historical importance

Much of the material likely to be preserved for administrative purposes will be of interest for research purpose as well; but papers of the following categories should be specially considered as of value to historians :

- (1) Papers relating to the origin of a department or agency of government; how it was organised; how it functioned; and (if defunct) how and why it was dissolved.
- (2) Data about what the department/agency accomplished. (Samples by way of illustration may be enough; but the need for such samples may be dispensed with where published annual reports are available).
- (3) Papers relating to a change of policy. This is not always easy to recognise, but watch should be kept for (a) summary for a Minister, (b) the appointment of a departmental or inter-departmental committee or working group, and (c) note for the Cabinet or a Cabinet Committee. Generally there should be a conscious effort to preserve all such papers, including those reflecting conflicting points of view. In the case of inter-departmental committees, however, it is important that a complete set of papers be kept only by the departments mainly concerned – usually the one providing secretariat.

APPENDIX 12 – contd.

- (4) Papers relating to the implementation of a change of policy, including a complete set of instructions to execute agencies etc., and relevant forms.
- (5) Papers relating to a well-known public or international event or cause celebre, or to other events which gave rise to interest or controversy on the national plane.
- (6) Papers containing direct reference to trends or developments in political, social, economic or other fields, particularly if they contain unpublished statistical or financial data covering a long period or a wide area.
- (7) Papers cited in or noted as consulted in connection with, official publications.
- (8) Papers relating to the more important aspects of scientific or technical research and development.
- (9) Papers containing matters of local interest of which it is unreasonable to expect that evidence will be available locally, or comprising synopsis of such information covering the whole country or a wide area.
- (10) Papers relating to obsolete, activities or investigations, or to abortive scheme in important fields.
- (11) Any other specific category of records which, according to the departmental instructions issued in consultation with the National Archives, have to be treated as genuine source of information on any aspect of history – political, social, economic, etc., or are considered to be of biographical or antiquarian interest.

APPENDIX 37

Essentials of a functional file index and an identifying file numbering system

1. Basic heads - Identify and list basic functions of the department, these may be called 'basic (or group) heads' e.g. 'labour relations', 'foreigners', 'fertilizers'.
2. Primary heads – List under each function (i.e. basic/group heads) its main activities identifying them by appropriate subject headings called 'primary heads'.
3. Secondary heads – Divide each primary head into sub-subjects or aspects called 'secondary heads'.
4. Tertiary heads - Where necessary, break down each secondary head into its various known factors called 'tertiary heads'.
5. Further sub-divisions – In this way the process of breaking down the function could be extended to several descending, consecutive echelons according to needs.
6. Examples – Examples of basic, primary, secondary and tertiary heads are given in the annexure.
7. Rational sequence – In drawing up lists of basic, primary, secondary and tertiary heads and their further sub-divisions, where necessary, some rational sequence in arranging the heads in the same list may be followed. Such an arrangement may reflect organic or procedural relationship among the different heads of to adopt any of the following orders or a combination thereof as convenient :
 - a step-wise process
 - an alphabetical order (particularly when representing regions, produces, commodities, clients, organisations or institutions)
 - descending levels of importance of heads.
 - diminishing frequency of occurrence of different events identified by suitable heads.

The first two places in the list of secondary heads under each subject may be uniformly reserved for 'general' and 'policy' matters.

Entries in each list of standardised heads (viz. Under basic heads, primary heads, secondary heads, tertiary heads and so on) may be arranged in alphabetical order, if any other type of sequence as not been followed.

8. Identification of basic heads – If the number of basic heads be large, each may be identified by a group of 2 to 3 letters phonetically selected. If it be small not exceeding 10, they may be identified by assigning consecutive Roman numerals to them.

For example, in the field of agriculture, the basic heads 'fertilizers', 'seeds', 'plant protection', etc. could be symbolised by 'Fort', 'Sd', 'Ppn', etc., respectively.

APPENDIX 37 – contd.

9. Identification of primary heads – Next, the primary heads will each be identified by a group of 2-digit Arabic numerals beginning with 11 and continuing in consecutive order upto 99.
10. Identification of secondary and tertiary divisions – Similarly, each secondary head, as also each tertiary head, will be identified by a group of 2-digit Arabic numerals beginning with 11 and going upto 99.
11. Deviations – If the subjects be simple relating to a fresh or recent activity, they may well be covered by one list of primary heads alone or by a two-level list of primary heads and secondary heads. Each primary heads or secondary head could then be identified as in 8 and 9 above.

Progressive increase in levels develops as the number of functions increases, so also when the number of activities under each function and the number of operations under each activity increase.

12. Exception – If a paper requiring filing is such as apparently does not relate to any of the approved lists, the following questions may be relevant :-

- (i) whether it can come under any factor heading i.e. a tertiary heading as related to a secondary heading;
- (ii) whether it seems allied to a secondary heading as related to a primary heading; and if not
- (iii) whether it could be brought under an additional heading placed at appropriate point in the list of primary headings.

If nothing suggests, it may be temporarily placed in the list of primary headings as the last item.

13. File code – The file may then be assigned an alphanumeric code symbol composed in the following sequence :-

(i) a single letter or a group of 2-3 letters, or a Roman numeral representing the basic head followed by a hyphen as the separator;

(ii) a 2-digit group of Arabic numerals representing primary head followed by zero as the separator;

(iii) a 2-digit group of Arabic numerals identifying the secondary head followed by a slant stroke as the separator;

(iv) serial number of the file opened during the year under the secondary head, followed by a slant stroke as the separator;

(v) a 2-digit number representing the year, followed by a hyphen as the separator;

(vi) a group of abbreviating letters representing the section.

If the file opened relates to a standardised tertiary head, a 2-digit Arabic numeral identifying it, enclosed in brackets, may be inserted before the serial number mentioned in (iv) above and the slant stroke preceding it.

APPENDIX 37 – contd.

14. Example. – A file opened by Labour Relations I section during 1996 relating to a strike in colliery 'X' may have IV 13024/5/96/LRI as the file code where 'IV' represents the functions group 'labour relations'. 13 the primary head 'strikes', '0' the separator, '24' the secondary head 'coal mines', '5' the serial number of the file opened during the year under the secondary head 'coal mines' to describe the colliery involved, '96' the year of opening the file and 'LRI' the section concerned.

To cite another example, a file opened by Foreigners II section to examine an application of Mr. Ferrari, a French national, to visit India may bear the coded number F 17012/2/96-FII where 'F' represents the group head 'Foreigners', '17' the primary head 'visa/endorsement', '0' the separator, '12' the secondary head 'French' '2' the serial number of the file opened during the year under that head, '96' the year of opening the file, and 'FII' the concerned section.

Similarly, in Fertiliser IV section, file relating to fertiliser imports could carry the code Frt-19012/3/96-FIV here 'Frt' would denote the basic head 'fertilisers' and the other symbols would be as explained in the above two examples.

15. File title. – A complete title of the file will normally consist of the appropriate standardised heads (from the 'basic' head downwards each separated by a hyphen) followed by a very brief content to describe the particular question issue, event, person, thing, place, etc. involved. The basic head, however, need not form part of the title, when –

(a) the total number of such heads is small and from their identifying Roman numerals, they can easily be known; or

(b) the basic head is identified by a letter or a group of letters phonetically selected.

16. Indexing. – In indexing files opened under the functional filing system, index slips need not be prepared in respect of the standardised (i.e., basic, primary, secondary, tertiary, etc.) heads as the identification codes assigned to them can easily be ascertained by reference to the standardised index as developed. However, the 'content' of the file title (i.e. outside the standardised headings) may be indexed if it contains a catch word which is likely to help in recalling the case.

For instance, a file with the title "Labour relations – strikes – Coal mines – Singhbhum Colliery Dhanbad – report regarding –" need not be indexed under 'labour relations', 'strikes', and 'Coalmines' which are standardised basic, primary and secondary heads respectively. However, it may be indexed under 'Singhbhum' and 'Dhanbad', the names of the particular colliery and place involved in the strike. The index slip relating to files opened under the same secondary, tertiary or the lowest standardised division will be maintained in a single series in the alphabetical order of the catchwords used in the titles.

In the departmental index, these index slips could be very easily and briefly consolidated as follows by indicating only their sub-number and not the full file No. 'LABOUR RELATIONS – STRIKES – Coalmines. (IV-13024)'
