INTRODUCTION

Tea Digest 2003 is the thirteenth issue of publication in the series published by Tea Board, Kolkata. Encouraged by the response received from Tea Industry and Trade in respect of earlier publications attempts have been made to incorporate up to date and exhaustive information as far as possible in this issue for use of Tea Industry and Trade.

Research workers, Economist as well as individuals, national and international institutions have in the past found this publication very useful for a systematic and scientific study relating to tea industry and trade. Hope this issue will carry this objective and prove itself to be more useful.

However, most of the information incorporated in this publication are indicative in nature and will be replaced by the revised figures and would be re-incorporated in the subsequent issue of Tea Statistics as and when published.

I must thanks to those Officers and staffs of the Statistics Branch for bringing out this publication who have put in their valuable assistance in accomplishing this task.
